KyHealth Choices Provider#:

Dear Provider:

KyHealth Choices wants to make providers aware of a change that has taken place with the enrollment of new providers. In the past, the first two or three digits of the assigned provider numbers were used to identify a provider's type. These provider numbers were often referred to as "smart numbers." As new providers continue to be enrolled in *KyHealth Choices* they will no longer be assigned a "smart number." As of June 22, 2007, *KyHealth Choices* began assigning provider numbers beginning with "71". A provider's type will still be indicated within the provider's file; however, it will no longer be immediately obvious from the provider's assigned number.

Thank you for your continued participation with *KyHealth Choices*. For more information, please contact *KyHealth Choices* 8am-6pm Monday through Friday at 800-639-5195.

Sincerely,

Shawn M. Crouch
Commissioner
