

Kentucky's Assisted Living Community Preparedness and Response Plan for COVID-19

Name of Facility: _____

Questions below are derived from the CDC's webinar on Preparing Nursing Homes and Assisted Living Facilities for COVID-19 published 4/1/20. Please complete and email to Carrie Anglin at Carrie.Anglin@ky.gov. These questions are to assist your community in being prepared and responding for when COVID19 arrives in your community.

1. What steps are you taking to prevent COVID19 from coming into your community/facility?
2. What plans are you putting into place to ID infection early?
3. What action steps are you taking to prevent the spread of the infection in your community/facility?
4. What is your current PPE inventory and what measures are you taking to optimize your current supply?
5. Describe how you plan to identify and manage residents who are sick.
