

KORE Data Capture System (KDCS): Accessing the Data System - Video Transcript

0:05

Hello, in this video we're going to cover accessing the KORE Data Capture system.

0:12

To access this system, go to <https://kore-data.uky.edu/login>.

0:28

If you need to request an account, reach out to your Implementation Specialist or is it the KORE Data Coordinator.

0:36

When accessing the site on the landing page, you will enter your e-mail and password for your login.

0:44

Your e-mail should be whatever was input into the survey when KORE originally began using RADOR-KY, or what you provided to your Implementation Specialist to set up your account.

0:57

If you need to reset your password, click the Reset Password green button on the landing page.

1:05

Doing so will prompt you to provide your e-mail address, to which you'll receive an e-mail with password reset instructions.

1:15

If you do not receive that information via e-mail, please contact your Implementation Specialist or the Data Coordinator.

1:27

Now that you have the correct e-mail address and the appropriate password, you can enter them and click Login to access the page.

1:48

Thank you.
