

Collaboration Specialists

Collaboration Specialists are positioned within Regional Prevention Centers to connect coalitions, community stakeholders, and resources.

CONNECTION

Prevention Specialists work with local partners to connect communities, organizations, and resources. They help strengthen collaboration across prevention, treatment, and recovery while reducing stigma around substance use. They also provide education and training on substance use, overdose prevention, and related risks to raise awareness, build community capacity, and prevent harm.

TRAINING

- Opioid Education and Naloxone Distribution
- Mental Health First Aid-Adult and Youth
- Safe Storage and Disposal
- Substance Specific Training and Technical Assistance
