

# KORE Data Capture System (KDCS): Accessing the System

## Quick Reference Guide

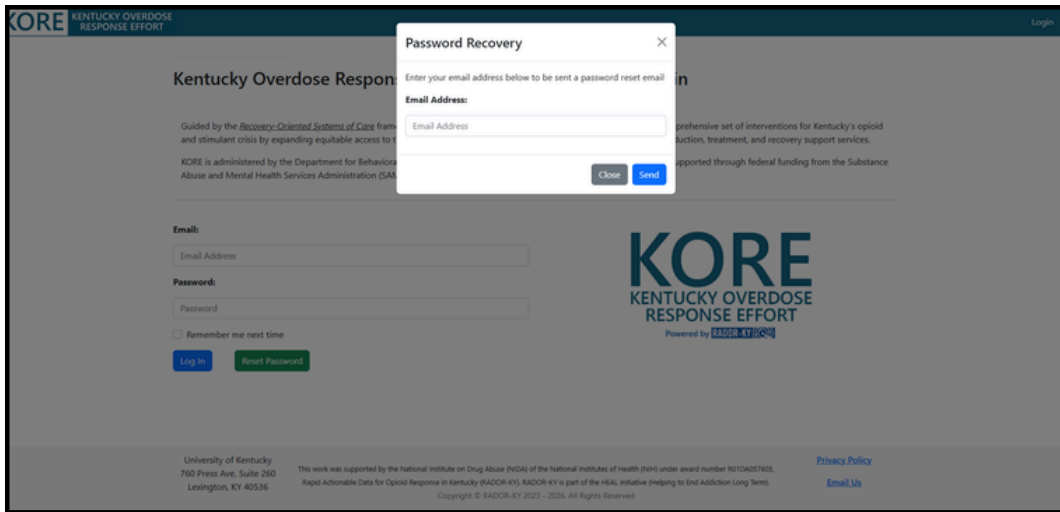

- To access this system, go to <https://kore-data.uky.edu/login>.

The screenshot shows the login page for the KORE system. At the top left is the KORE logo with the text 'KENTUCKY OVERDOSE RESPONSE EFFORT'. At the top right is a 'Login' link. The main heading is 'Kentucky Overdose Response Effort Data Capture System Login'. Below this is a paragraph explaining the system's purpose and administration. The login form includes an 'Email:' label, an 'Email Address' input field, a 'Password:' label, a 'Password' input field, and a 'Remember me next time' checkbox. There are two buttons: a blue 'Log In' button and a green 'Reset Password' button. To the right of the form is the KORE logo and the text 'Powered by RADOR-KY'. At the bottom, there is contact information for the University of Kentucky and a 'Privacy Policy' link.

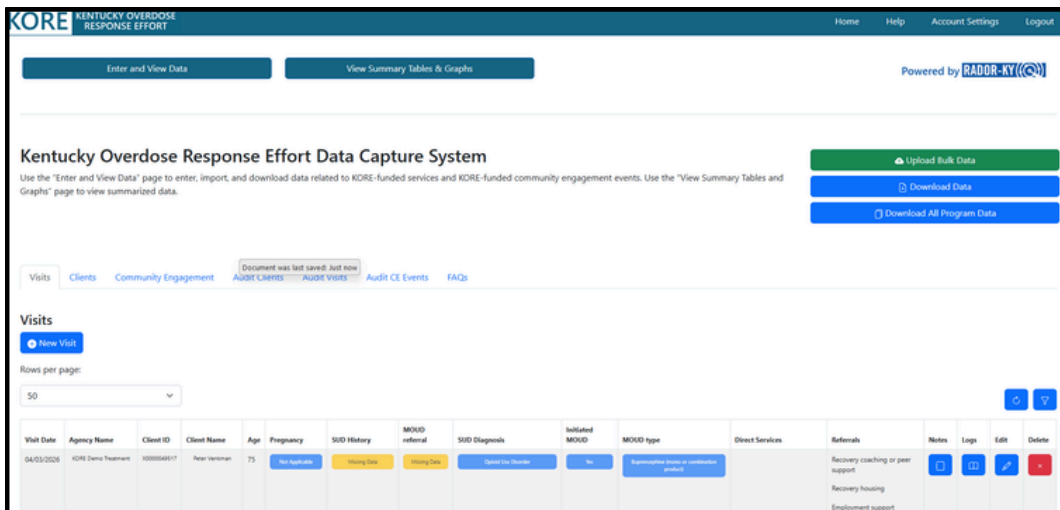

- When accessing the site via the landing page, you will login by entering your e-mail and password.
  - Note: Your e-mail should be whatever was input into the survey when KORE originally began using RADOR-KY, or what you provided to your Implementation Specialist to set up your account.
- If you need to reset your password, click the “Reset Password” button in green on the landing page.

This is a close-up of the login form fields. It shows the 'Email:' label, the 'Email Address' input field, the 'Password:' label, the 'Password' input field, and the 'Remember me next time' checkbox. Below these are the 'Log In' and 'Reset Password' buttons.

- Doing so will prompt you to provide your e-mail address, to which you'll receive an e-mail with password reset instructions.

- If you do not receive that information via e-mail, please contact your Implementation Specialist or the Data Coordinator.
- Now that you have the correct e-mail address and the appropriate password, you can enter them and click “Login” to access the page.

- If you need additional support or have any questions about the KORE Data Capture System, reach out to your Implementation Specialist, the Data Coordinator, or email us at [KORE@ky.gov](mailto:KORE@ky.gov).
