

Division of Family Resource and Youth Services Centers

FRYSC Infinite Campus Data Standard

Overview

Description

The Kentucky Family Resource and Youth Services Centers were established as a component of the historic Kentucky Education Reform Act (KERA) of 1990. The mission of these school-based centers is to help academically at-risk students succeed in school by helping to minimize or eliminate noncognitive barriers to learning.

Regulation citation(s)

Family Resource Centers serve children under school age and in elementary school and coordinate:

- preschool childcare
- after-school daycare
- families in training
- family literacy services; and,
- health services and referrals.

Youth Services Centers serve students in middle and high school and coordinate:

- referrals to health and social services
- career exploration and development
- summer and part-time job development (high school only)
- substance abuse education and counseling; and
- family crisis and mental health counseling.

Data use

School data is divided into two areas: School Detail and School History. School History records contain information related to a school that can be tracked historically. By creating a new School History, the new information is tracked as of a specific date while the previous values are preserved. To create a new School History record, select an existing School History and click the New School History button. This will create a new School History record based on the current information, which can be modified as needed and saved.
