

KYHealth Card - Swipe Reader Vendors:

NOTE: The vendors listed below are only a partial listing of vendors with the ability to access Medicaid eligibility information by using the magnetic strip on the back of the KYHealth Card. If you currently have a swipe card reader (or credit card machine) you also have the option of contacting your current vendor. Vendors (Vendors only) should contact Tom Canine at Unisys at (502) 226-1140 for swipe card specifications.

The Department for Medicaid Services is providing this listing of Vendors for your convenience. We do not recommend any one vendor over any other vendor - they have all proven efficient. The Department for Medicaid Services will no be providing the card readers. This is only one option for you to choose from when determining the best way for your office to obtain the Medicaid information for your patients. Please refer back to the web site (www.chfs.ky.gov/dms) for more information and other options available.
