Prior to Starting a New Enrollment

- **ASAM LOC Certification** - Users who do not currently have an ASAM LOC 3.7 Certification must obtain a Provisional Certification from DMS prior to applying for a Medicaid ID.

Provisional Certification & ASAM LOC Certification

Providers offering residential/inpatient services are required to obtain an ASAM LOC certification. Users who have not yet obtained an ASAM LOC certification may be granted a Provisional Certification by DMS after submitting a self-attestation form and supporting documents prior to completing a New Enrollment.

This will allow providers to begin offering and billing for services while in the process of obtaining the ASAM LOC certification. Provisional certifications are awarded for at least one year and have a 6/30 end date. Users who do not acquire the ASAM LOC certification within the allocated timeframe will have their Medicaid ID end dated.

After receiving the ASAM LOC certification, a Maintenance action must be performed in Partner Portal to add the certification details and upload the documentation. For more information on how to perform Maintenance and Upload Documents in Partner Portal, see the [How to Update Information on a Medicaid File \(Maintenance\)](#) and [Uploading Documents](#) Job Aids.
