- F. Supplemental Payments to Non-state Government-owned or Operated Hospitals.
  - 1. The Department provides quarterly supplemental payments to non-state government-owned or operated hospitals for outpatient services provided to Medicaid recipients. The supplemental payments are made from a pool of funds, the amount of which is the difference between the Medicaid payments otherwise made to the qualifying hospitals for outpatient services to Medicaid patients and the maximum amount allowable under applicable federal regulations at 42 CFR 447.321.
  - 2. To qualify for a supplemental payment, a hospital must be a non-state government-owned or operated hospital that has entered into an Intergovernmental Transfer Agreement with the Commonwealth. The payment amount for a qualifying hospital is the hospital's proportionate share of the established pool of funds determined by dividing the hospital's payments for outpatient services provided to Medicaid patients during the most recent fiscal year by the total payments for outpatient services to Medicaid patients provided by all qualifying hospitals for the same fiscal year.
