| Grand Total | 17.2% | 4.0% | 18.2% |

EPSDT Members with Overweight or Obese Dx by Age in Years

Note: Unique Members based on claims data; corresponding ICD-10 code in any position not just primary diagnosis

Care Management

Higher Acuity CM Needs

- Registered Dietitian on staff to:
 - provide additional support to any EPSDT member engaged in CM
 - or serve as the primary Case Manager for any member with higher acuity need specific to obesity as primary reason for CM
- Case Manager can refer to or consult with the Registered Dietician for any member with a diagnosis related to BMI.

Quality Department Efforts for HEDIS Measure WCC

WCC: Weight assessment and counseling for nutrition and physical activity for children/adolescents

Providers

- WCC is part of our value-based contract incentive program
- WCC is included in actionable provider HEDIS reports from Molina Quality Performance Tool
- QI Specialists highlight WCC care gaps to providers when helping members scheduled well child exams
- Provider education including Tip Sheet for WCC available

Members

- Birthday cards are sent to all EPSDT members to help remind them to schedule well child exams (where BMI assessment *and* nutrition/activity counseling occurs most often)
- Outreach to member/caregiver to help schedule well child exams

Passport Staff

- HEDIS alerts for all member facing staff to help close gaps and provide member education with every engagement.
