# School-Based Services Grant Award Overview

## Grant Overview

### **Background**

Through the Bipartisan Safer Communities Act (BSCA) the Centers for Medicare & Medicaid Services (CMS) awarded DMS a \$2.5 million school-based Medicaid service enhancement cooperative agreement.

### **Project Duration**

The period of performance is 36 months with three 12-month payment increments.

### **Award Highlight**

DMS was one of three awardees within the enhancement category in a national bid open to all state Medicaid agencies.

### **Partnership**

The grant application was based upon partnership between the Kentucky Lieutenant Governor's Office, Department for Medicaid Services, Department of Education, and Department for Behavioral Health, Developmental, and Intellectual Disabilities.

## Grant Funding Categories

### **Implementation**

States that have yet to expand the coverage of and billing for Medicaid and CHIP services provided in schools beyond that which is provided pursuant to a student's Individualized Education Plan (IEP)/Individualized Family Service Plan (IFSP).

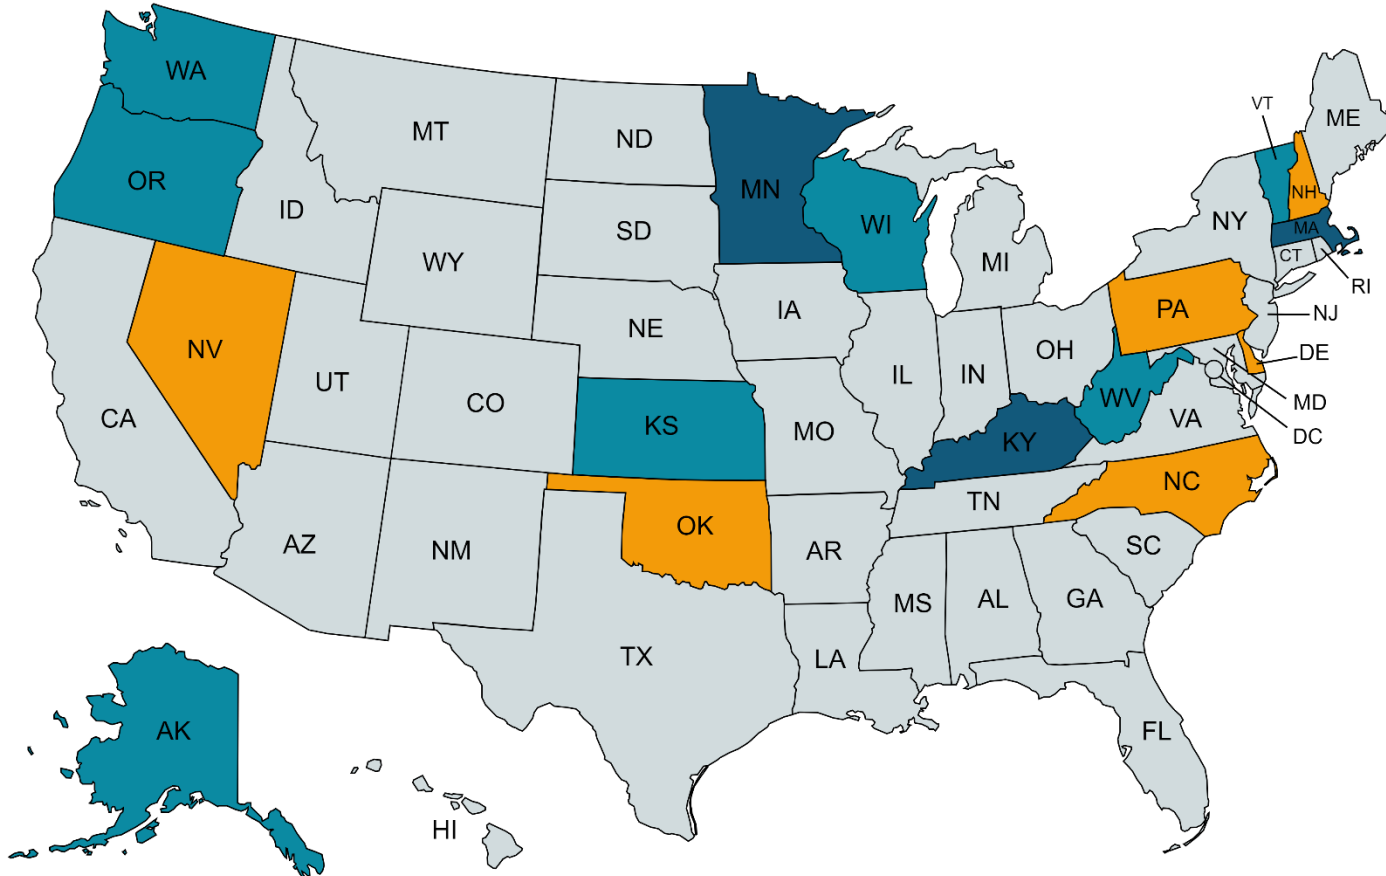

### **Expansion**

States that have expanded the coverage and billing of Medicaid or CHIP services provided in schools beyond what is provided pursuant to a student's IEP/IFSP.

### **Enhancement**

States that have expanded the coverage and billing of Medicaid services provided in schools to include any Medicaid- or CHIP-covered service provided regardless of whether that service is provided pursuant to a student's IEP/IFSP, 504 Plan, or any other Medicaid or CHIP enrolled beneficiary.

# SHINE KY Project Goals

## Goal 1:

Enhance and strengthen Kentucky's SBS infrastructure to increase access to behavioral and other health care services in school settings through increasing provider and staff capacity by at least 40% within 3 years.

- **Objective 1.1:** Reduce/eliminate provider billing barriers.
- **Objective 1.2:** Increase overall capacity of behavioral health providers in a school setting.
- **Objective 1.3:** Increase availability of reimbursement opportunities to expand behavioral health services across the care continuum.

## Goal 2:

Enhance and strengthen Kentucky's SBS infrastructure to increase access to behavioral health care services through availability of telehealth by 25% within 3 years.

- **Objective 2.1:** Develop and implement a telehealth program to support access to behavioral health services and provider education.

# School-Based Services Enhancement Strategies

## Targeted Clinical & Admin Staff Recruitment

- Directly support for the hiring of clinical and administrative staff within school districts.

## Launching the SHINE KY Grant Program

- Initiate a grant program to support local school communities with integration and evaluation of enhanced behavioral health services, providing a model for broader implementation. Expecting \$100,000 grants to 7 recipients.

## Training & Capacity Building to Increase Awareness of Expanded Access Services & Billing

- Provide additional training to districts and providers regarding covered services, parental consent, and provide specialized training as needed.

## Outreach & Community Engagement to Increase Parental Involvement

- Develop and implement targeted outreach to educate students, parents, and school staff as well as expand community engagement efforts.

## Enhancing Physical & Technological Infrastructure

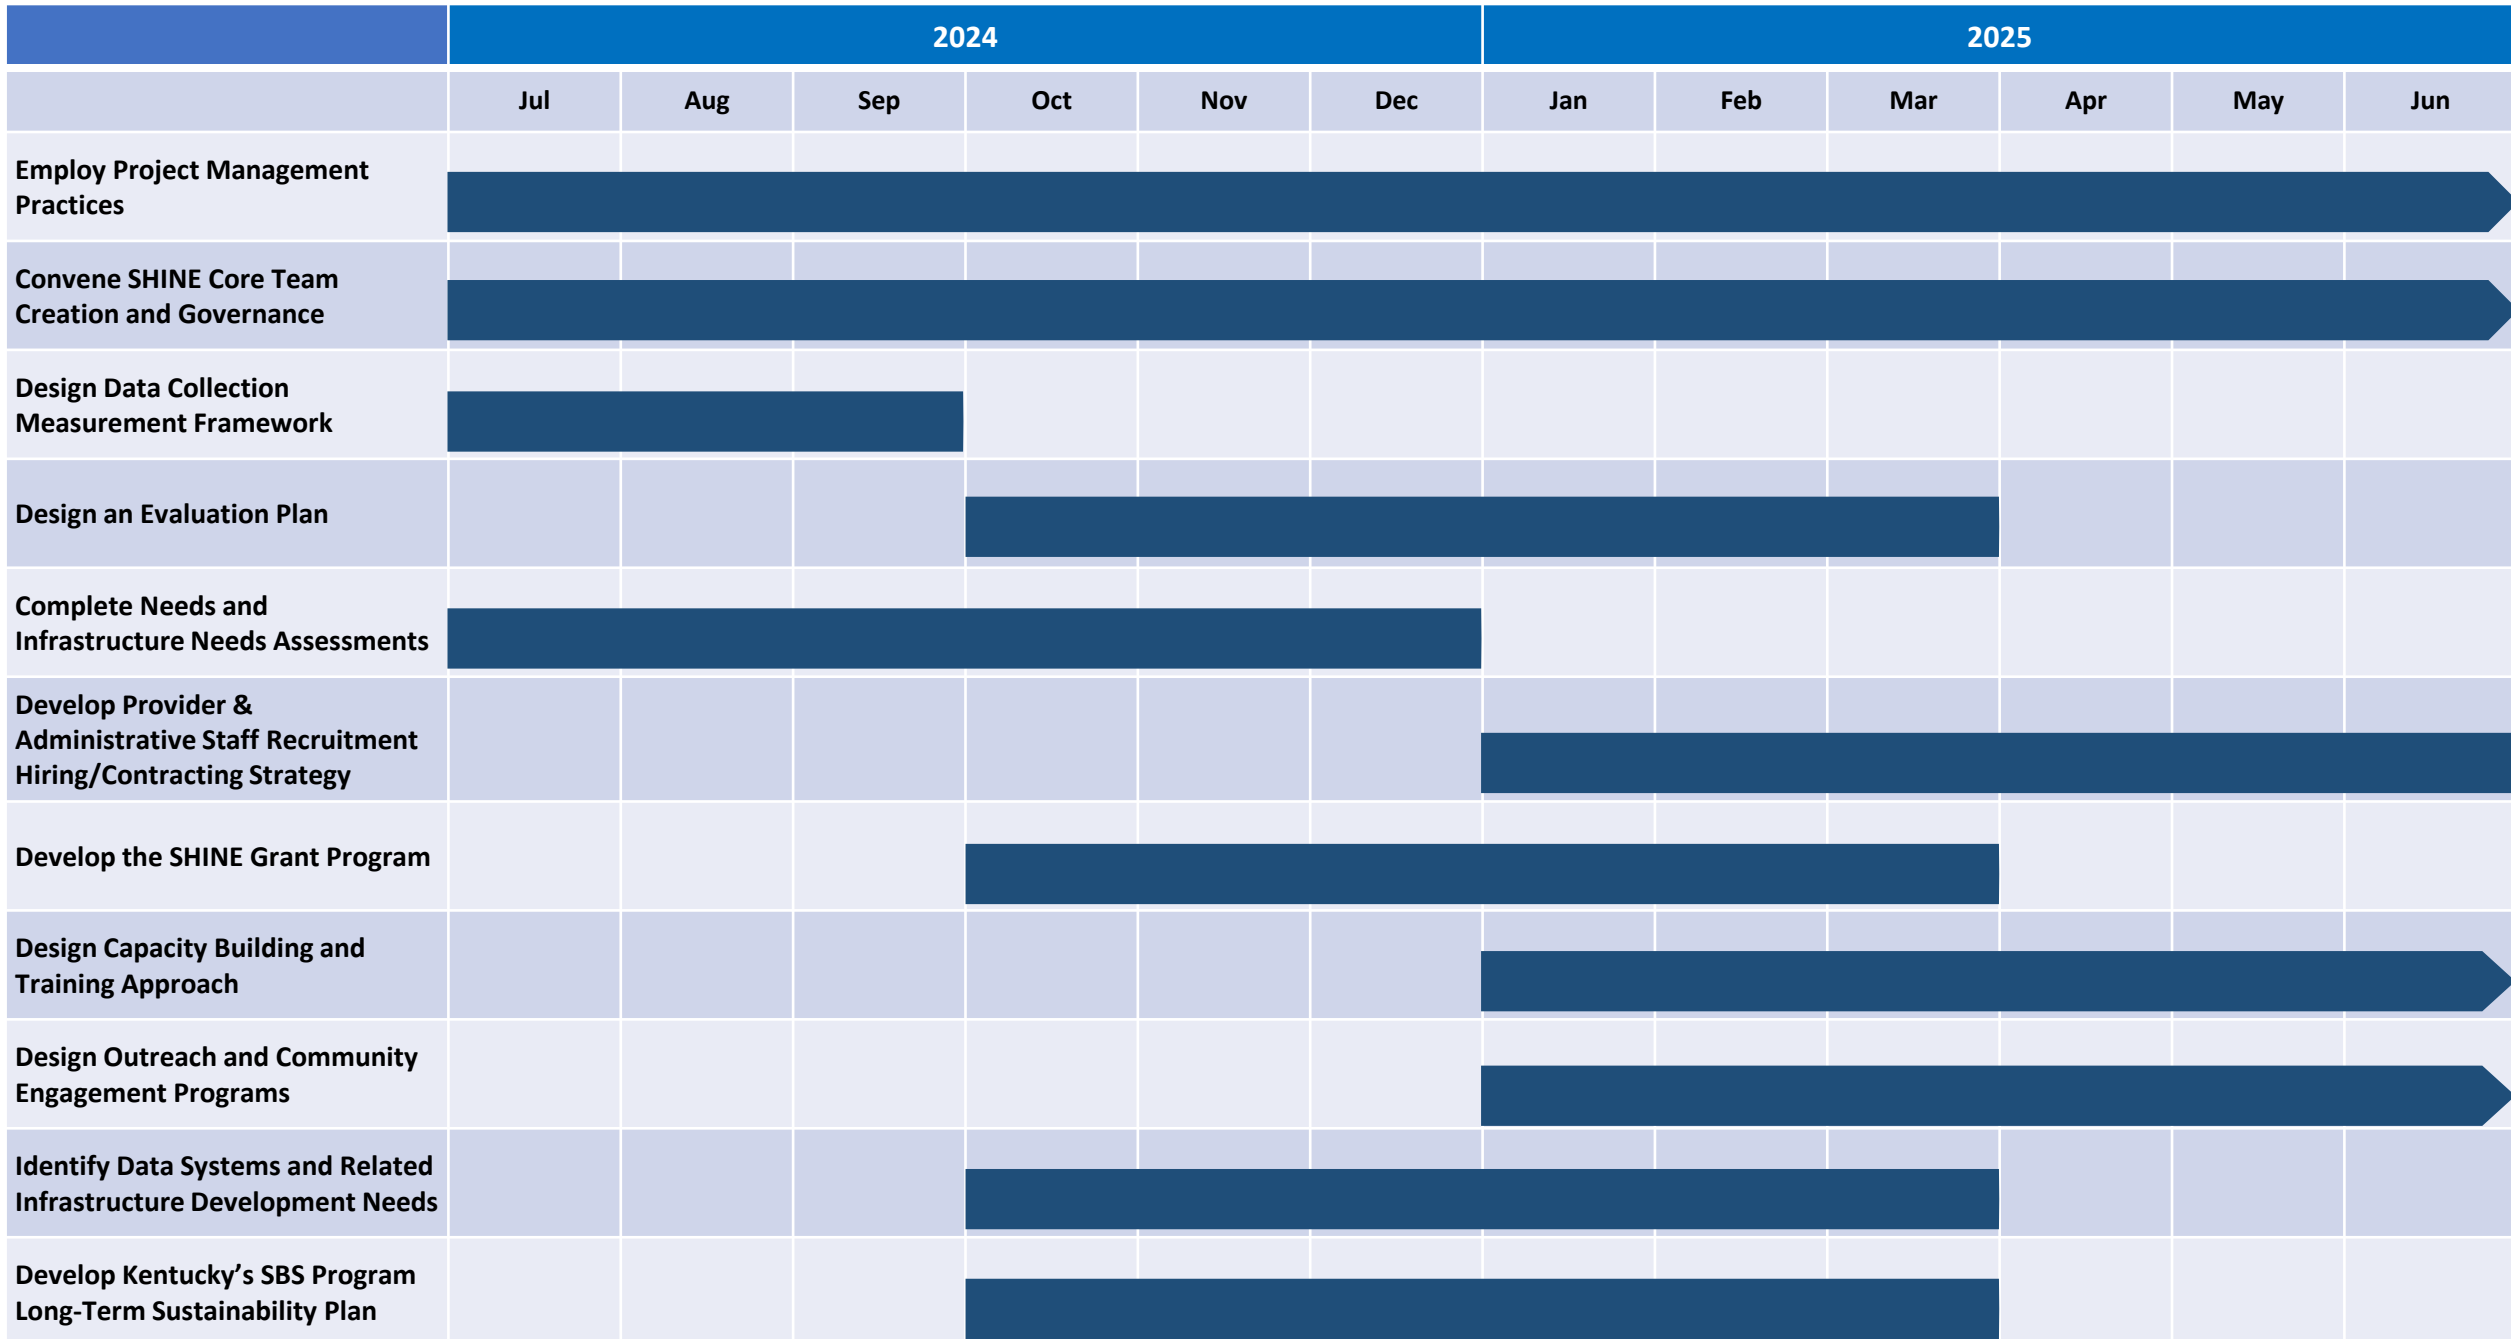

- Enhance physical and technological infrastructure within school-based settings including renovations for privacy in behavioral health consultations, and necessary systems, training, and resources.

## Supporting Sustainability Planning & Programmatic Evaluation

- Continue comprehensive program evaluation to make informed decisions
