Leigh Ann Fitzpatrick

(and many more were on ZOOM)

1 MR. SHANNON: I'll call off the names of
2 people. Is James Daley on?
3 Dr. Ryan?
4 Dr. Smith-Stephens?
5 Brandon Harley?
6 MR. HARLEY: Yes.
7 MR. SHANNON: Adrienne Bush.
8 MS. BUSH: Present.
9 MR. SHANNON: Evan Smith?
10 MR. SMITH: Present.
11 MR. SHANNON: Van Ingram may be joining us.
12 I don't know. He had a conflict, but I
13 think we are now at quorum.
14 Okay. Kristen Porter?
15 Kevin Sharkey?
16 MR. SHARKEY: Present.
17 MR. SHANNON: Angela Darcy?
18 MS. DARCY: Present.
19 MR. SHANNON: All right. You have the
20 agenda before you and we have a quorum;
21 correct? Very good.
22 MS. BICKERS: Yes, sir.
23 MR. SHANNON: Let's go on to the March 10
24 minutes. I should have sent you the
25 December minutes. We didn't approve those.

we will have to do those next time.

Do I have a motion to approve the minutes?

MR. HARLEY: So moved. This is Brandon Harley.

MR. SHANNON: Do I have a second?

MR. SMITH: I'll second.

MR. SHANNON: Thank you, Evan Smith.

All in favor say aye? All opposed?
(Motion passes is unanimously.)

MR. SHANNON: Adopted the minutes. All right.

Next item is DMS Update, where are we at with our waiver. Leslie Hoffmann cannot be here. I think her mom was in the hospital, has had some health problems, but I think Leigh Ann Fitzpatrick is going to give us that report.

MS. FITZPATRICK: Hi, good morning.

MR. SHANNON: Hi, Leigh Ann, how are you?

MS. FITZPATRICK: I'm doing fine. Thank you.

So the 1115 SUD Waiver Update?

MR. SHANNON: Yes.

MS. NORMAN: So September is when we plan

1 to file that for extension. The waiver
2 ends September of 2023, so we plan to file
3 the SUD Waiver and the SMI Waiver this
4 September. And then on the Incarceration
5 1115, we are still -- I'm not sure what
6 Leslie said last time, but we are still
7 working on budget neutrality. And CMS had
8 told us that we are the first state to ever
9 submit this type of a 1115, as you-all are
10 aware as well, and so they are working on
11 their end of the policies, making sure that
12 everything is set to go. We have never
13 heard a no. It's just wait and see, and
14 we're still working that out. So fingers
15 are still crossed.

16 Our Mobile Crisis Grants, we have a
17 planning grant for the mobile crisis, and
18 currently we have our needs assessment
19 complete, but we are currently looking for
20 peer support specialists and consumers that
21 might be willing to sit in on a small
22 interview -- small group interview or
23 one-on-one interview. So if you know of
24 anyone that would be willing to sit in on
25 that, I'll put the e-mail in the chat and

1 they can just reach out to me and let me
2 know if they're peer support or consumer,
3 and what provider they work for and we will
4 get them -- we hope to have that at the end
5 of this month. And, otherwise, we are still
6 just working on updating our SPAL (phonetic)
7 and coming together with a definition of
8 mobile crisis and a definition of behavioral
9 health crisis. And we are on track for
10 everything. That planning grant ends in
11 September as well. So after September we
12 plan to work on implementation.

13 So I will take any questions if there
14 are any.

15 MR. SHANNON: So you don't really know a
16 time frame for the incarceration; right?

17 MS. FITZPATRICK: Right, right. We ask
18 every -- we meet with CMS every month. We
19 do ask that question, and it's still just
20 we're working on it.

21 MR. SHANNON: And you're still doing the
22 other programs you have at some
23 correctional facilities; right?

24 MS. FITZPATRICK: Yes. The reentry program
25 is still going on. We currently are not

1 meeting monthly because we just -- we don't
2 have any updates as of right now. Those
3 meetings will begin again soon. I'm not
4 sure exactly any time frame on that. But
5 we do have the process in place for the
6 reentry program and it still -- everything
7 is still going on.

8 MR. SHANNON: Okay. Related to that, I got
9 a message from one of the CMHCs that they
10 had some problems with claims not being
11 processed with folks who are coming out in
12 the local jail and they are not Medicaid
13 eligible, but they have submitted the
14 paperwork.

15 MS. FITZPATRICK: Okay. So, yes, when
16 everyone is booked they are filling out a
17 Medicaid application. And if they have
18 filled that out and it just hasn't had some
19 time to be processed, if they do end up
20 being Medicaid eligible, it will backdate
21 to the application.

22 MR. SHANNON: Okay.

23 MS. FITZPATRICK: And if they still have
24 issues with claims regarding incarceration
25 dates, please have them e-mail me and I'll

put my e-mail in the chat as well.

MR. SHANNON: Okay. These are folks who have been released and, you know, there's some deal with DCBS, a form they got to submit; right?

MS. FITZPATRICK: Yes. Once somebody is released, they have to reach out to DCBS and let them know that they are released, so then they can go in and flip the switch so their suspension will be lifted.

MR. SHANNON: Maybe that's their problem. This just came up this week.

MS. FITZPATRICK: Yes, either the person or the person's representative that's on file needs to contact DCBS. And that can be a phone call.

MR. SHANNON: Okay. Candidly, I struggle with our agenda because it's really -- we are waiting on this 1115 SUD Waiver piece to take place, and then we will have some real people that I think will be more appropriate for us. We'll identify more issues at that point as those folks transition back.

MS. FITZPATRICK: Right.

1 MR. SHANNON: At that point the TAC becomes
2 much more -- I won't say viable, but it has
3 a more clearer defined mission of charge.

4 MS. NORMAN: Right.

5 MR. SHANNON: I think we have been -- I
6 guess it's going on -- is this the second
7 year?

8 MS. FITZPATRICK: So this coming November
9 will mark three years since we have turned
10 it in.

11 MR. SHANNON: Wow. Yeah. So when this TAC
12 was done, I would assume most folks --
13 including Medicaid staff; right, Leigh
14 Ann -- expect this thing to be operational
15 by now. We have specific topics and
16 people's experience, and what can we do,
17 you know, and move forward from that
18 perspective.

19 MS. FITZPATRICK: Right. You know, we
20 could still hear from experiences, but that
21 would help us when we, you know, implement.

22 MR. SHANNON: Yeah.

23 MS. FITZPATRICK: We have worked on steps
24 to do after CMS says yes. We have -- we
25 know what we need to do, steps in place

1 that we need to do, so it won't take time
2 for that. It will just take time for
3 systems, of course. But one of the issues
4 we are having is currently we don't pay for
5 that program behind the wall, so we don't
6 have a lot of back history to report for
7 budget neutral. But we have talked to CMS,
8 we have agreed on a plan of what we can do
9 for that budget neutrality, so it's just
10 the issue of getting it approved.

11 MR. SHANNON: And they are working with you
12 on that budget neutrality; right?

13 MS. FITZPATRICK: Yes.

14 MR. SHANNON: That's a big challenge, 1115;
15 right?

16 MS. FITZPATRICK: It is a big challenge,
17 uh-huh (affirmative). You have to show
18 that, yeah, there's -- be no increases in
19 charges for Medicaid dollars during the
20 demonstration.

21 MR. INGRAM: I remember when we turned it
22 in, we thought it might be a year. I
23 didn't think any of us thought it might...

24 MS. FITZPATRICK: Exactly.

25 MR. SHANNON: That was the voice of Van

1 Ingram. So, yeah, that's been where, you
2 know -- hopefully we hear something soon
3 and then we move forward and have...
4 MS. FITZPATRICK: Yes.
5 MR. SHANNON: Okay.
6 MS. FITZPATRICK: Keeping our fingers
7 crossed.
8 MR. SHANNON: Any other Medicaid updates
9 for us?
10 MS. FITZPATRICK: That's all I have, unless
11 anyone has any questions.
12 MR. SHANNON: Yeah. Any questions?
13 MS. BUSH: I have a question. And I may
14 have missed it, Leigh Ann, but you had said
15 that DMS plans to apply for the Severe
16 Mental Illness Waiver as directed by Senate
17 Joint Resolution 72. What waiver authority
18 is DMS planning on using for that?
19 MS. FITZPATRICK: It will be 1115.
20 MS. BUSH: As well. Hopefully we don't get
21 hung up on budget neutrality for three
22 years on that.
23 MS. FITZPATRICK: No. No, I don't think
24 so. We have also been in talks with CMS
25 with that, working along the way, so -- and

1 we also know of other states that have --
2 what we want to do that has been approved.
3 So we are going to kind of follow the other
4 states' leads as well.

5 MR. SHANNON: You know, I'd like to see a
6 residential option in that waiver,
7 Adrienne, when everything comes to pass,
8 similar to the SCL staff residents. I
9 think -- I know folks at DBA had a call on
10 a separate issue and they have -- you know,
11 they know people now who probably need a
12 24/7 residential option. It makes the 1115
13 Budget neutrality challenging to get to
14 that place, because, again, those -- that's
15 not a cheap service. And we've got a
16 couple of places. They are using state
17 general fund dollars to do that, a
18 three-person home. So it's a model that's
19 worked for people who are severely
20 mentally. I think unique with that waiver
21 is that it may not be -- the SCL waiver for
22 Intellectual and Development Disabilities,
23 they move into a staff residence and many
24 folks stay there many, many years. But the
25 SMI population hopefully would be a more

1 time-limited approach, 12, 18 months, get
2 stabilized and they can move into their own
3 apartment or some other option. So that's
4 what I think -- I know that's been my
5 message on this waiver for -- first
6 testified June of '19 before Interim
7 Health, Welfare and Family Services, but
8 anyway, appreciate the question.

9 Any other members have questions for
10 Medicaid?

11 MS. DARCY: This is Angie Darcy and I'm
12 with Pretrial Services. So I'm wondering
13 if there's potential that we may be able to
14 help when people are released from custody
15 on our side that maybe we can start
16 notifying them that they need to notify
17 Medicaid, because I think that has come up
18 in the past and I think that -- you know,
19 to get all our people on board, but we
20 might be able to eventually add a question
21 or just inform them, you know, at the time
22 that they are incarcerated that they need
23 to notify Medicaid when they get out. And
24 I was just wondering if that would be
25 something that might be helpful to you

guys.

MS. FITZPATRICK: That would be very helpful if they hear it again, hey, you need to call DCBS. And if they call DCBS two to three days after they are released, it will go back to the release date for their benefits to be turned on.

MS. DARCY: I'll start seeing if we can't get something like that rolled out and all get on board with sending that message out, but I don't see why we can't, you know, assist with that greatly.

MS. FITZPATRICK: Thank you. Every time they hear it -- yeah, every time they hear that hopefully, you know, they remember to do that, but, yes, that would be great.

MR. SHANNON: Is there an 800 number? Do they call the local county DCBS office? What's the best way to contact?

MS. FITZPATRICK: Yes, the local DCBS office.

MS. DARCY: That may be something that we can add to our resource guide, is that we can put that number in our resource guide, so when they are released they can maybe

1 contact, you know, if they don't know --
2 typically they do know Pretrial Services'
3 number and they can contact them.

4 That's all I got.

5 MR. SHANNON: Appreciate it, Angela. That
6 was helpful.

7 Each DCBS county office has a
8 different number; right? That's probably
9 one of our challenges.

10 MS. FITZPATRICK: Right. Right. I will
11 reach out to DCBS. My contact that I work
12 with, Demetri, and hopefully by the end of
13 the meeting I'll have an 800 number for
14 you.

15 MR. SHANNON: Yeah. And who was it that
16 asked the question? DCBS -- Brandon
17 Harley -- they are not back in their
18 office; right?

19 MR. HARLEY: To my knowledge they are not.
20 They are still working virtually. So I
21 think the way to contact them is that 800
22 number, the 855 statewide number. I'm
23 looking on the website now. I'll post it
24 as soon as I get it on here. I'll put it
25 in the chat box for everyone.

MR. SHANNON: Yeah, who answers the phone at the local office?

MR. HARLEY: They don't anymore. What they do -- it's a statewide number. It goes in call triage and then it gets sent out -- so, like, say, for instance, you are calling for Pike County, you may end up getting someone from Fulton County answer the phone at that point in time. They send them all throughout the state. But they all have the capability -- whoever is answering that call can go back into the web portal to the Benefind system to get people turned back on to my knowledge. As soon as I find out, I will post it in the -- I'll post it in the chat box.

MR. SHANNON: Does that make sense, Leigh Ann, that plan?

MS. FITZPATRICK: Yes.

MR. SHANNON: Okay. Super.

Other questions? All right. Thank you much.

Next we have Round Robin Member Updates. Anybody want to provide an update of what they are working on, what they are

doing?

I think the CMHCs have been involved with Medicaid is -- four centers are a certified Community Behavioral Health Center, and this is a DMS -- a CMS demonstration. They have more expectations, more integration of primary care.

There's that phone number, (855)306-8959. Does that help you, Angela? Angela Darcy.

MS. DARCY: Yes, that's great. Thanks.

MR. SHANNON: Okay. But those four centers are trying to -- just starting this thing January 1. It's funded for eight quarters. They will do it through December of '23. It has a focus on mobile crisis response mechanism. Medicaid is working on their planning grant for that. They will I guess be involved in that process. They focus on veterans, which we serve veterans today, but now it's priority population. They also get reimbursed differently. They have a prospective payment, a daily rate. So they see one person and they get paid whatever that daily rate is regardless how

1 many services that person may have that
2 day, or whatever the service is, so they
3 are all the same. The MCOs are paid what
4 they are paid normally and Medicaid makes
5 up the difference to get to that number.
6 Eight other states started this in '16.
7 Kentucky was added just before Covid
8 happened, so we did all our planning during
9 Covid. Those states have seen an increase
10 in number of people served by the CCBHCs,
11 increase in staffing as well, and better
12 data collection in the process.

13 So that's what's been going on there.
14 You know, we are still trying to work out
15 payment with MCOs. It's been a challenge to
16 get that resolved and move forward.

17 In other states the two years
18 renewed -- they have gotten it renewed in
19 '18 and '20. So hopefully, you know, the
20 objective is all 14 mental health centers in
21 Kentucky become a CCBHC and expand those
22 services. So that's my update.

23 Let's move on to General Assembly.
24 Adrienne, do you want to give us an update
25 on House Bill 7? Let's be honest, the final

product was better than the initial;
correct?

MS. BUSH: Yes. So House Bill 7 --

MR. SHANNON: Still not good; right?

MS. BUSH: I mean, it's just hard when you are starting with a premise that people who need social safety supports are out to defraud the government and that's where everyone is coming from. Then, like, it's hard to get a good product if that's your foundation, in my opinion.

So House Bill 7 did pass. It does make some changes to how Kentuckians access Medicaid and SNAP and keep that coverage. For a detailed analysis of what changes we can expect, I would encourage everyone to follow Kentucky Voices for Health, if you are not already, because they -- they were on it for sure. But there were some changes in terms of how folks self-attest to needing Medicaid that were done in the senate. It did pass both chambers, the governor vetoed it, then both chambers overrode it, so it is law now. So that's -- I mean, let me see -- I think it will be interesting to -- it's a

lot of work for the Cabinet still to implement.

MR. SHANNON: Yeah.

MS. BUSH: Yeah.

MR. SHANNON: I think it's going to be a big lift.

MS. BUSH: I mean, the things for them -- the remaining concerns that we have, and this is coming from Emily Beauregard, is that it includes significant permissive language, may instead of shall, that could be interpreted very differently by a future administration in terms of making it harder to access these programs. That permissive language could increase reporting requirements on a Cabinet that is struggling with workforce capacity. I think everybody acknowledges that. And it would basically create new opportunities for people who are doing all the right things to fall through the cracks. It does establish new and more severe penalties for suspected fraud or misuse of benefits that don't currently have to be substantiated by the Cabinet in order to take adverse

action. Many people who have done nothing wrong will be caught up by inaccurate algorithms and penalized with due process.

So, like, here's a real-life example of something that happened to me. When I was at Kroger, like, two months ago I -- the cashier rang up like, I don't know, two-thirds of my grocery, then another cashier was trying to get her attention about, you know, something else. She, like, hits the point of sale, you know, it's done, and rings up the total, and then like there's still like a third of my groceries left to be rung up. And she's, like, I'm so sorry about that. And I'm, like, no big deal, like, just ring the rest of them up and I'll run the credit card again. But, like, if I had been using a SNAP card, I would have had two point of sale transactions within like a minute of each other and that would have been flagged by the Cabinet's algorithm for fraud. So -- and it wasn't anybody's fault and it also wasn't even a big deal. But anyway, that's -- that's something to consider.

1 It removes the Cabinet's ability to
2 make Medicaid presumptive eligibility
3 determination and puts that -- you know,
4 only hospitals and other healthcare
5 providers can do that. It creates new
6 barriers that could adversely impact a very
7 needed diversion pilot program that is
8 created by SB 90. Does not address provider
9 or retailer fraud. Having spent 15 years of
10 my life in eastern Kentucky, I can tell you
11 I am way more concerned about retailers than
12 I am individual people. And it doesn't
13 actually address poverty or the lack of
14 good-paying jobs across regions, and it
15 doesn't actually improve health outcomes or
16 reduce disparities.

17 And, again, that's what I mean by
18 saying if you are starting off with a flawed
19 premise and a flawed assumption of a
20 problem, it's really hard to get a good
21 product out of that. So that is probably
22 more than anybody wanted to know about HB 7,
23 but I do think it is important to talk
24 about. So I thank you for the opportunity,
25 Steve.

1 MR. SHANNON: I think it is important to
2 talk about. I think there's going to be a
3 lot of changes we are going to see coming
4 up. One I know, state of emergency SNAP
5 benefits in May is going to be problematic
6 for people. Right, Adrienne? I mean, they
7 are going to run --

8 MS. BUSH: Yeah, and that's because of the
9 separate fraud assumption still. Yes.

10 MR. SHANNON: I think we are going to see a
11 lot of challenges for folks getting
12 benefits. And I agree with you, they are
13 not getting a ton of money and I'm sure
14 there's cases of fraud. I don't deny that.
15 But it seems to be a broadbrush approach to
16 address a problem as opposed to identifying
17 the root causes of any fraud and go from
18 there, but...

19 MS. BUSH: I also think it's interesting.
20 You had, like, no advocates. I mean, there
21 are advocates who spend their time at the
22 capital. You know, like, Steve, you're up
23 there every day during session. Other
24 folks -- like, nobody testified in favor of
25 this bill except for the bill's cosponsors.

1 But like they didn't have any citizens, any
2 advocacy groups testifying that they --
3 that this was needed or wanted, and to me
4 that speaks volumes.

5 MR. SHANNON: I agree. Any questions?

6 Adrienne mentioned Senate Bill 90.
7 That just passed at the very end, and that
8 really is a diversion model that we are
9 going to get people -- as soon as they are
10 charged almost, to get them diverted out.
11 Do an assessment and see if they are
12 appropriate for residential or substance
13 abuse primarily, maybe mental illness as
14 well, but substance abuse services. And if
15 they participate in the program, wherever
16 they end up, you know, the services they
17 receive, those charges will eventually be
18 dismissed. And if they don't participate,
19 that's, you know, the stick in the carrot to
20 get back in. But it really is -- it's a
21 first piece of legislation I've seen in a
22 long time that is really saying let's not
23 incarcerate people who have an addiction;
24 right? Let's figure out -- get them into
25 treatment. All things we know that are

1 affected -- you know, ideally I think a lot
2 of the folks will be coming out of the 1115
3 SUD Waiver with Senate Bill 90 never would
4 have made it up there. And I think that's
5 better across the board for everybody.

6 I've said it before, no one's looking
7 for an employee who's been incarcerated.
8 You know, that's not something on a job
9 application that moves you up the list. So
10 this is a point -- an attempt to do that.
11 Senator Westerfield and President Stivers
12 were kind of a force behind this piece of
13 legislation, and several iterations.
14 Prosecutors were on board, other folks,
15 corrections, I think, were at the tables.
16 So I think it's an opportunity to see. It
17 starts out in ten counties and it's
18 segmented by population, so you get a really
19 good basis of where we are at. But
20 hopefully we have good data and then in
21 fiscal year, General Assembly '24, they do
22 the next two-year budget and they can expand
23 it to other places. But it's ten counties,
24 so it's not everywhere, but it's a start in
25 the process to see what happens.

1 MR. INGRAM: It's our first meeting next
2 week of the state agencies that are
3 involved at AOC, Medicaid and behavioral
4 health and my office and others. The best
5 thing that happened was at the last minute
6 they put 2 1/2 million dollars in the pot
7 to get this started, because we were really
8 struggling how are we going to pay for
9 assessments proposed that aren't Medicaid
10 eligible. But now I think we got a
11 fallback plan that I think I -- there will
12 be some involvement with Medicaid dollars
13 as well, so we look forward to that.

14 We are going to be dependent on our
15 CMHCs to be involved at the local level. I
16 think they will be a great asset to the
17 program. So we have to get ready by
18 January 1st, 2023. It may seem like a long
19 time off, but in state government time
20 that's coming right up on us, so we are
21 going to get to work on it next week.

22 MR. SHANNON: Good deal. Good to hear.
23 Thanks, Van.

24 Any other legislation folks want to
25 talk about?

1 MR. HARLEY: I have one quick question. Do
2 we know what ten counties that started in?
3 MR. SHANNON: No. They're segmented out --
4 that's a great question -- by population,
5 so they have small and large counties, but
6 they have not identified. They opted --
7 initially there were half counties in the
8 bill, then they decided not to be -- if
9 something didn't happen in the county, they
10 couldn't go someplace else. So they have
11 not identified those counties yet.

12 Van, I guess that's going to be on
13 your all's agenda; right?

14 MR. INGRAM: It is. And AOC has the
15 responsibility of identifying those
16 counties. And I think they have got a
17 short list. Now we don't have to stop at
18 ten.

19 MR. SHANNON: Right.

20 MR. INGRAM: It's a minimum of ten. If
21 there are counties that show a lot of
22 interest above ten, I think we ought to
23 take a look.

24 MR. SHANNON: But the bill does -- they
25 have some breakdown by population, though;

right?

MR. INGRAM: Yes.

MR. SHANNON: So, again, this isn't just going to be Jefferson County, Fayette County, you know. They are going to try to get -- and part of that was to get good data to go forward, and they are really trying to position themselves to show the outcome of this and how it plays out, and then expand it afterwards, you know. That's always my fear with pilot programs, you know. A lot of pilot programs, but, you know, at some point I want to get passengers, not just a pilot on that plane. So, yeah, I think it's exciting.

So let's add Senate Bill 90 to our agenda. Is that okay, Van? Give us updates on that regularly?

MR. INGRAM: Love to.

MR. SHANNON: Okay. And overtime we will pay attention to House Bill 7 and what we are hearing about that. So we will have some data as well, even if it's anecdotal, so we can maybe help Medicaid figure out a way to move that forward, because it's the

1 law, right, Adrienne? Got to figure out
2 how to make it work now.

3 Any other topics?

4 All right. Our next meeting is July
5 14th. Yeah, go ahead.

6 MS. BICKERS: And I don't know where my
7 face went, so if everybody can hear me
8 okay. I was trying to turn my camera back
9 on.

10 So I want to discuss the possibility
11 of coming back to in-person meetings. Let
12 me see if I can find my -- there we go. So
13 as you can see, I'm in our conference room
14 here. This is the Commissioner's conference
15 room. We have got the new equipment up and
16 running. Let's see if I can zoom in.

17 So with being on camera, open records
18 and having a quorum, we would need to fit,
19 you know, this side, and we can get most of
20 the table. So I have been starting to put
21 on the TAC's radars on whether or not they
22 want to come back in person versus virtual.
23 I have had a lot of discussions with hybrid
24 meetings. With being open meetings, anyone
25 who wants to attend we have to offer that,

1 so there would always be a Zoom link still.
2 I don't know how many of you live in
3 Frankfort, live close, or have to travel.
4 As you can tell, we can only fit X amount of
5 people in. Of course, I'm not important. I
6 can always hide in the corner. We have the
7 option of logging in, coming in-person. I
8 know you guys are one of the larger TACs
9 with 12 members. So it's just there for
10 discussion. I don't know if that's
11 something you guys want to put on your next
12 meeting agenda, if you want to discuss that
13 now and take votes. I don't think you have
14 to have a quorum to vote for that, but since
15 you have one it might be best to go ahead
16 and discuss --

17 MR. SHANNON: Yeah.

18 MS. BICKERS: -- everyone's thoughts, and
19 then if you don't get a consensus, maybe
20 put it back on next month's.

21 MR. SHANNON: Yeah. We can do it meeting
22 by meeting for a while. But that room
23 cannot accommodate all 12.

24 MS. BICKERS: We would be real close. We
25 can probably fit all 12 board members in,

1 and then the MCOs and anyone from the
2 public could always log in hybrid or I -- I
3 don't know. Like I said, if any of you
4 guys travel several hours away, you may
5 prefer to not have to drive several for the
6 meeting. I know some of the other TACS
7 they have people that are driving three and
8 a half hours away and that's -- you know,
9 that's a lot of drive time. So I am just
10 kind of putting that on the radar to
11 discuss. And I got it zoomed out as far --
12 and I find the one squeaky chair, so I
13 apologize. As you can tell, we can
14 probably fit 12 of you around, but you have
15 to be real friendly and close with each
16 sorry, so...

17 MR. SHANNON: Anybody have an opinion,
18 thought about that, in-person, Zoom?

19 MR. INGRAM: You know, I would prefer that
20 hybrid option. Had I been in Frankfort
21 today, I would have definitely come over to
22 CHFS. But I'm in Barbourville and by
23 having this option I can participate, where
24 I wouldn't be able to if this link wasn't
25 available.

1 MR. HARLEY: I agree with Van on that
2 piece. This is Brandon Harley. You know,
3 for me to go it would be a two-and-a-half-
4 hour drive for me to come in to the
5 meeting, you know, in from the other side
6 of Owensboro. I mean, I could do it from
7 time to time, but I think the hybrid option
8 would be your best option.

9 MR. SHANNON: Other Brandon?

10 MR. THOMAS: I mean, I agree, hybrid. I'm
11 in Ashland. Once again, I don't mind, but
12 there are times that I have other meetings
13 and have to be other places as well, and
14 it's just not -- I'm just not capable of
15 making that -- but a lot of times I'll be
16 able to make it.

17 MR. SMITH: Yeah, I certainly think there
18 is a critical mass per which the travel
19 would be burdensome. And so to me the real
20 question is, is it really worth, you know,
21 taking the time of all the staff in
22 Frankfort to really set up the in-person
23 option if, you know, there might only be a
24 couple people actually there in person. I
25 think we will kind of see how things go and

1 I certainly wouldn't, you know, want to
2 discourage anyone from getting together in
3 Frankfort who might want to. I can speak
4 personally, for me it's over a two-hour
5 drive and so it would just turn into an
6 all-day thing.

7 MS. BICKERS: What we can do is we can
8 continue with the hybrid moving forward,
9 and if it comes to the point where they
10 have changed the rules and we have to come
11 back in person, we can cross that bridge
12 when we get to it. If anybody is going to
13 be in Frankfort and they know that they
14 would like to join me, if you could just
15 let me know a few days ahead of time so I
16 can let the security desk know, and also so
17 I can come down and greet you and bring you
18 up to the conference room, so they don't
19 just send you the wrong Medicaid maze up
20 here on the sixth floor of CHFS.

21 MR. HARLEY: That's another question,
22 Steve. Do we, as a group for this, do we
23 have an annual meeting or a fiscal year
24 meeting, say, you know, this is our annual
25 return? I mean, I guess what I'm asking

1 is, are there specific meetings that
2 in-person would be a better option or we
3 have to -- or we set a certain amount that
4 says in-person would be preferable, or -- I
5 mean, that's another piece to consider as
6 well.

7 MR. SHANNON: Not that I'm aware of. And,
8 Erin, would probably answer better. But,
9 you know, the TAC is just -- and I've
10 served on the Behavioral Health TAC, I
11 don't know how many years, since it got
12 started. But there's no -- you know,
13 there's no formal process we have to do
14 annually. We got to convene. It's not
15 like some boards of directors where you
16 have to meet at least, you know, and have
17 an annual meeting. So that piece doesn't
18 necessarily take place. And even -- we
19 used to meet at the annex a lot for the
20 Behavioral Health TAC in terms of space.
21 But I think the hybrid makes the most
22 sense. I think there's some value to
23 meeting in person, you know. At some point
24 I realize it's problematic; it's a long
25 way.

1 Brandon, for you, for example, the
2 meeting starts at 8:00. You are heading out
3 of your house probably at 5:15, 5:30 a.m.,
4 which, you know, isn't the end of the world,
5 but still you would prefer not to do that if
6 you clearly could. So I think the hybrid
7 makes the most sense and that allows people
8 who have other things going on locally can,
9 you know, attend those as well. So that's
10 what my take would be moving forward.

11 I think you're right, Erin, at some
12 point there's going to be -- could be some
13 message that, you know, must meet in person.
14 But if that's the case, then you're still
15 going to have -- the conference room
16 wouldn't accommodate if we had 17, 18 people
17 at one time; right?

18 MS. BICKERS: We have 31 participants
19 currently. Thirty-one (31) of us won't fit
20 in here comfortably. We can all stand
21 around maybe, but that wouldn't be a very
22 fun meeting.

23 MR. SHANNON: No. So I think -- you know,
24 I agree with the group, hybrid model. I
25 may plan myself to attend in person, but

that's my personal preference.

Adrienne, you're in Frankfort; right?

MS. BUSH: Yeah, I'm on Main Street. I'm just down the street, so I am -- I am comfortable having a hybrid model because one of the things I want to keep moving forward is the accessibility.

MR. SHANNON: Yeah.

MS. BUSH: And so -- but, yeah, if there were an in-person option, I would probably show up, but I would give you a heads up, Erin.

MR. SHANNON: Yeah.

MS. BICKERS: Thank you.

MR. SHANNON: Good topic. Appreciate that, Erin.

MS. BICKERS: No problem.

MR. SHANNON: So hybrid it is. I just Zoomed into the Primary Care TAC. They went with the same plans; right, Erin?

MS. BICKERS: They did.

MR. SHANNON: Behavioral Health TAC meets this afternoon. I think it's going to be probably the same.

MS. BICKERS: I believe so. I think, if I

had to guess, I would say for the most part while it's still available, people are going to take advantage of that, especially some of the larger TACs and some of the ones that have several members that drive, you know, multiple hours. And so I think a lot of them will continue to probably stay hybrid, would be my guess.

MR. SHANNON: Okay. Any other items?

Our next meeting, July 14th. Again, that will be hybrid. If people want to go to Frankfort, they are welcome to do that. 9:00 a.m. And you see the others, September, November, for the rest of this year. That's all I have folks.

Any other question, topics?

Appreciate you all. Looking forward to the 1115 being approved and then we can move forward.

All right. You-all have a good day. Take care. Bye-bye.
