 - c. CHW Discussion
 - i. Why other states see the value of pharmacist driven orders for pharmacy technicians becoming CHW?
 - ii. Pharmacists do have provider status in Kentucky
 1. Under 304.17A pharmacists are considered health care providers as defined under KRS 315.010. I would argue that under 315.010 CHW services are within our scope of practice and therefore we are considered healthcare providers under the insurance code.
 2. We've been told by the Commonwealth of Kentucky Cabinet for Health and Family Services that it was DMS's decision to not include Pharmacists, Pharmacy Technicians and Pharmacies as approved CHW providers
 - iii. What does Medicaid see as a statute change for pharmacists to order CHW patient interventions
 - d. HPV Vaccine update (Angela Kamer-Lay---Anthem)
 - e. Vaccine Counseling Billing standardization
