

Therapy TAC Agenda
Tuesday July 9th, 2024
8:30 est meeting VIA ZOOM

Review and approval of May 14th, 2024 Minutes

Old Business:

1. Follow up from the Department of Medicaid Services. What are the Department's study findings on increasing the PT OT ST Fee schedule?

New Business:

1. UHC issue: we are getting denials for "no authorization" when an authorization number is on the claim. When the provider that is listed on the auth is different from the provider on the claim (like when the child sees a different provider) the claims are denying. We were told that if we just choose the clinic name for the auth and not the provider name then we shouldn't have issues. This seems to be a new problem. Is anyone else running into this?
2. Optum issue: Recently submitted credentialing for a new SLP with her interim license. They denied her saying she is OOS (out of scope) due to having an interim license. We were told they do not credential unless the provider is fully licensed. We have not had this issue before. Anyone else seeing this?
3. Therapy diagnosis codes to bypass prior authorization requirement after 20 visit limit
