

Therapy TAC Agenda
Tuesday April 14th, 2026
8:30 est meeting VIA ZOOM

Review and approval of January 13th, 2026 Minutes

Old Business:

1. Retro deactivations continue to be a problem, requiring the practice to have all money recouped and go through all the steps of obtaining prior authorization plus rebilling. The amount of time this process takes and the volume of claims is extremely high.
2. What is the status of approving the RTM codes.

New Business:

1. Several providers have reached out to the Therapy TAC with concerns that Aetna Better Health is denying CPT 97533 (Sensory Integrative Techniques). CPT 97533 is listed on the KY Medicaid FFS Fee Schedule.
 2. What is the status of the posting of the KY Medicaid Fee Schedule for ST, OT and PT?
 3. Plan of Care and ordering physician requirements.
 - Physician – Clinician (MD/PA/APRN) or other appropriate licensed clinician.
 - Therapist – Occupational, Physical or Speech therapist
- Kentucky DMS does not require a Plan of Care (POC) to be signed by a physician. (see example above) unless it is 6 months old or a significant change occurs.
-Kentucky DMS does require a signed order from the ordering physician for therapy.
-Kentucky DMS does require a POC to be signed by the therapist.

Other Issues: From TAC members or public.
