

VISITING ANOTHER COUNTRY? PROTECT YOUR FAMILY. THINK MEASLES

International travelers are thinking COVID-19, but you should also think measles.

BEFORE YOU TRAVEL

Tell your doctor where you are traveling. Babies and children may need measles vaccination at a younger age than usual.

AFTER YOU TRAVEL

Call your doctor if anyone gets a fever and rash within 3 weeks of returning from your trip. Describe where you traveled.

✈️ Talk with your doctor if you are planning an international trip.

For more information go to www.cdc.gov/measles/plan-for-travel.html.
