

# Buffalo Trace District Determination

The Buffalo Trace District has scored in the **Meets Requirements** category for the 6th year.

A determination of **Meets Requirements** means that the district is in compliance in meeting the state targets. This may include correcting any identified non-compliance within one year of notification to the district. The district is not subject to any enforcement action by the state.

Indicators 1, 7 and 8 are compliance indicators. The target is set by the Office of Special Education Programs (OSEP).

Indicators 2, 3, 4, 5 and 6 are performance indicators. These are a measure of the district's overall performance in several key areas. These targets were set during the development of the State Performance Plan (SPP).

### Additional Indicator

**Information For Indicator 3:** The Early Childhood Outcomes are not included in the overall score for the district. Instead, a comparison of the scores from the current and prior year is presented to visually show if the district is making improvements.

**For Indicators 5 and 6:** For FY 2022, the general population in Kentucky was presented by age group rather than single year age. KEIS made assumptions in calculating the percentages for Indicators 5 and 6 for reporting purposes. These indicators were not included in the overall score for the district due to the lack of reliable data. KEIS anticipates single year age data will be available for FY 2023.
