Dear Ms. Hill:

This letter provides approval of the Kentucky Cabinet for Health and Family Services Cost Allocation Plan (Plan) amendment transmitted to our office on December 1, 2020, and subsequently revised on June 28, 2022. This amendment, which was submitted in accordance with 45 CFR 95, Subpart E, is effective March 6, 2020.

Acceptance of actual costs in accordance with the approved Plan is subject to the following conditions:

- 1) The information contained in the Plan and provided by the State in connection with our review of the Plan is complete and accurate in all material respects.
- 2) The actual costs claimed by the State are allowable under prevailing cost principles, program regulations and law.
- 3) The claims conform with the administrative and statutory limitations against which they are made.

This approval relates only to the methods of identifying and allocating costs to programs, and nothing contained herein should be construed as approving activities not otherwise authorized by approved program plans or Federal legislation and regulations.

Implementation of the approved Cost Allocation Plan may subsequently be reviewed by authorized Federal staff. The disclosure of inequities during such reviews may require changes to the Plan.
