AWARD ATTACHMENTS

HEALTH SERVICES KENTUCKY CABINET FOR

RHTCMS332079-01-00

1. Recipient Specific Terms and Conditions
2. Program Terms and Conditions
3. Standard Terms and Conditions

Rural Health Transformation (RHT) Program
Recipient Specific Terms and Conditions – Budget Period 1 (December 29, 2025 – October 30, 2026)

Recipient: Kentucky Cabinet for Health Services

1. **General.** In addition to all Standard Terms and Conditions and Program Terms and Conditions, Recipient is subject to the following Recipient Specific Terms and Conditions. The Centers for Medicare and Medicaid Services (CMS) may add or otherwise amend these Recipient Specific Terms and Conditions as necessary at any point during the RHT Program Period of Performance.
2. **Restriction of Funds.** A temporary restriction of funds has been implemented for all Recipients due to final funding adjustments. **Recipient may not draw down funds until Recipient provides information to CMS, and CMS provides prior approval.**

Recipients must submit a revised budget by COB, January 30, 2026. CMS will review the revised budget and notify applicable Recipients within the following 30 days if additional information is required or unallowable costs are identified during the budget review that must be reallocated to other allowable costs.

Directions for resubmission:

All Recipients subject to funding restrictions are required to submit a Revision (Budget) (Type 6) amendment in GrantSolutions in accordance with the directions provided below and any subsequent communications issued by CMS.

- Recipients must reallocate funding to appropriate budget categories. **All restricted funds awarded were placed in the “other” budget category to facilitate this revision process.**
- If funding was adjusted from the amount originally requested, please submit a revised budget materials reflecting this new amount.
- Revised budget narratives must include supporting information for all costs. Each activity/cost must be described and fully itemized. Lump sum totals will not be accepted. The necessity for a particular cost or how a particular cost/activity links to the program must not be assumed. TBD line items will remain restricted until finalized. Funds in the entire amount will only be lifted where all costs are deemed allowable and justified.
- The total award amount must be accurately reflected across all documents (SF-424, SF-424A (Budget Worksheet), Project Narrative, Budget Narrative, etc.).
 - A revised Project Narrative should be submitted if the revised Budget Narrative will conflict with the Project Narrative submitted with the application.

- The Project Narrative and Budget Narrative should accurately reflect the activities and project goals that will be pursued with the Budget Period 1 Rural Health Transformation award.
- The amendment submission must be accompanied by a cover letter signed by the Authorized Organizational Representative (AOR) that:
 - Requests the lifting of the restriction on funds.
 - Includes any additional information requested by the program office (if applicable).
 - Seeks review and approval of the information provided.

Recipients may participate in a scheduled conference call to address the terms and conditions. Should you have any questions or require assistance, please contact your assigned Grants Management Specialist.

3. Administrative.

A. Reporting of Matters Related to Recipient Integrity and Performance

1. General Reporting Requirement

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of [Public Law 110-417](#), as amended ([41 U.S.C. 2313](#)). As required by section 3010 of [Public Law 111-212](#), all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

Issue: In SAM.gov, your agency answered “no” that it did not have current active Federal contracts and/or grants with total value (including any exercised/unexercised options) greater than \$10,000,000 (under Responsibility/Qualification section, previously FAPIIS). This is incorrect. A search has shown that Recipient has more than \$10,000,000 in Federal awards. Since Recipient answered no, then the subsequent questions regarding civil, criminal, and administrative proceedings were not addressed.

Action Required: Recipient needs to correct its answer to questions #1 and #2 in SAM, and then answer question #3. **Recipient should make this correction in SAM as soon as possible, but no later than January 30, 2026. Recipient should notify CMS when this information has been corrected.**

Cooperative Agreement for Rural Health Transformation (RHT) Program Centers for Medicare & Medicaid Services (CMS) Program Terms and Conditions¹

TERMS AND CONDITIONS

GENERAL

1. **The HHS/CMS Center for Medicaid and CHIP Services (CMCS) Project Officer.** The Project Officer (PO) assigned with responsibility for technical and programmatic questions from the Recipient is identified in field 10 of the Notice of Award (Program Official Contact Information).
2. **The CMS Grants Management Specialist.** The Grants Management Specialist (GMS) assigned with responsibility for the financial, administrative, and cooperative agreement compliance (non-programmatic) questions from the Recipient is identified in field 9 of the Notice of Award (Awarding Agency Contact Information).
3. **Statutory Authority.** This award is issued under the authority of Section 71401 of Public Law 119-21.
4. **Notice of Funding Opportunity (NOFO).** All relevant project requirements and definitions outlined in the NOFO (CMS-RHT-26-001) apply to this award and have been incorporated into the Terms and Conditions of Award by reference.
5. **Period of Performance.** The period of performance for the Rural Health Transformation (RHT) Program cooperative agreement is **December 29, 2025, through October 30, 2030.**²
6. **Budget Periods.** CMS will award funding in five budget periods.
 - Budget period 1: December 29, 2025 to October 30, 2026 (10 months)
 - Budget period 2: October 31, 2026 to October 30, 2027
 - Budget period 3: October 31, 2027 to October 30, 2028
 - Budget period 4: October 31, 2028 to October 30, 2029
 - Budget period 5: October 31, 2029 to October 30, 2030

¹ Effective 12/29/2025

² If a Recipient receives redistributed funds for FY2031 and/or FY2032, updated Terms and Conditions will be distributed with the Notice of Award reflecting the extended Period of Performance.

7. Continued Funding. Continued funding is conditional on the availability of appropriated funds, recipient satisfactory performance, and compliance with the Terms and Conditions.³ At any time, CMS can decrease funding, recover funding, or terminate an award if a Recipient fails to perform the requirements of the award. The award may also otherwise be terminated to the extent authorized by law, if the agency determines the award no longer effectuates program goals or agency priorities. See Section 19 of these Program Terms and Conditions, Termination.

For CMS to issue continuation funding for subsequent budget periods, Recipients must also demonstrate satisfactory progress. Satisfactory progress for Recipients includes, but is not limited to:

- Progress in implementing initiatives approved by CMS in the approved application. Progress will be measured both qualitatively and quantitatively. CMS will use a combination of data submitted in the quarterly and annual progress reports and written and verbal updates from the Recipient to the CMS PO (e.g., during regular check-in calls) to assess progress.
 - CMS will assess the Recipient’s adherence to the implementation plan and timeline included in the approved application.
 - CMS will assess the Recipient’s progress on self-imposed performance metrics, including milestones and targets.
- Progress in implementing State policy actions. CMS will assess the Recipient’s follow-through on legislative or regulatory commitments made in the approved application. The Recipient must finalize State policy actions proposed in its application, if any, by the end of calendar year 2027. The Recipient has until the end of calendar year 2028 to enact the relevant policies for technical score factors B. 2. “Health and lifestyle” and B. 4. “Nutrition Continuing Medical Education”, if any. See NOFO, Appendix, Points scoring details, Table 4, Points scoring methodology, definitions, and data sources for rural facility and population score factors and technical score factors (pages 74-78).
- Accurate, complete, comprehensive, and timely submission of quarterly and annual progress reports.
- Quality and timely communication with and responses to the CMS PO and CMS GMS. This includes providing the CMS PO and/or the CMS GMS with any ad-hoc data or information, as requested.

Additional factors impacting continued funding

³ Failure to comply with the Terms and Conditions, including statutory and regulatory requirements, may result in notification of potential enforcement action and/or request for Recipient to submit a plan to remedy the non-compliance.

- CMS can take appropriate remedies and enforcement actions, which may impact the total funding available for the next budget period. See Sections 16-19 of these Program Terms and Conditions-
- The Recipient can voluntarily withdraw from the RHT Program cooperative agreement at any time before the end of the period of performance.

Annual Recalculation

- CMS will recalculate the Recipient's technical score and corresponding workload funding amount for subsequent budget periods, based on the information and data the Recipient provides in its annual progress report (e.g., for budget period 2, CMS will recalculate the technical score and corresponding workload funding using the Recipient's annual progress report #1). See Table 1. Annual Progress and Final Report Due Dates.
 - Please note: CMS will **not** recalculate the rural facility and population score annually. The rural facility and population score will only be calculated once during the initial application review.
- For additional information, see NOFO, Funds Distribution (pages 13-15). The definitions and factors used to recalculate the technical score and associated workload funding will stay as described in the NOFO throughout the Period of Performance.

Continuation Applications

- The Recipient must submit a Non-Competing Continuation (NCC) application each budget period to receive funding for each subsequent budget period.
- An NCC application is a non-competitive financial assistance request that the Recipient must submit to receive the next 12-month increment of funding.
- NCC applications are due 60 days **before** the end of the current budget period (e.g., if the budget period ends on October 30, 2026, the NCC application is due by August 30, 2026) and must be submitted to GrantSolutions. Specific NCC requirements will be provided by the CMS GMS.
- CMS will issue the NCC award for each budget period on the start date of that budget period (i.e., October 31 for budget periods 2-5).
- The Recipient may use the NCC to adjust their budget or make other administrative changes. The Recipient may revise their project goals based on any changes in funding in alignment with the requirements detailed in the NOFO and Terms and Conditions, and in collaboration with CMS. Due to their non-competitive nature, NCC applications are not reviewed or scored by a merit review panel. Instead, all NCCs will be reviewed by CMS staff.
 - CMS may request revisions to the NCC application submitted.

- A new Notice of Award is issued to (1) approve the NCC application submitted (or amended NCC application, as requested by CMS) and (2) award additional funding for the applicable budget period.

8. Management Review/Audit. The funding authorized by this award is subject to any future financial management review or audit.

9. Personnel Changes. The Recipient must notify the CMS PO and the CMS GMS via e-mail prior to any key personnel changes.

Key Personnel include the Authorized Organizational Representative (AOR), Principal Investigator/Project Director (PI/PD), and anyone else who plays a significant, measurable role in the development or execution of the project, regardless of whether or not they receive salaries or compensation under the award.

Within 10 business days of the Recipient receiving notification of the key personnel change, the Recipient must submit an amendment in GrantSolutions (i.e., Revision (PI/PD) amendment for PI/PD Changes, and Revision (NoA Other) amendment for AOR and all other key personnel changes besides PI/PD).

10. Changes in Scope. The Recipient must consult with the CMS PO and CMS GMS prior to requesting a Change in Scope. If advised the request is permissible, then Recipient must submit an amendment to GrantSolutions, including a detailed explanation for the change to the scope of work as well as a revised timeline, workplan, and budget. An AOR signed cover letter must also be submitted. If approved, CMS will issue a revised Notice of Award indicating approval. See Standard Terms and Conditions, Section 13, Prior Approval Requirements.

11. Cooperative Agreement Roles and Responsibilities. All awards under the RHT Program are structured as cooperative agreements.⁴ Cooperative agreements are used when there will be substantial CMS project involvement after an award is made. Substantial CMS project involvement relates to programmatic involvement, not administrative oversight.

Here are the general responsibilities for both the Recipient and CMS.

Recipient responsibilities:

- Comply with the Terms and Conditions.
- Collaborate with CMS staff to implement and monitor the project.
- Submit the performance measures agreed upon in the Notice of Award and subsequent revisions to workplan as approved by CMS.
- Submit all required progress and financial reports, including final reports detailed in these Program Terms and Conditions.

⁴ See Standard Terms and Conditions, Section 4, Cooperative Agreements.

- Attend at least monthly calls with the CMS PO and/or CMS GMS to discuss progress and challenges. The meetings will include key personnel, including the PI/PD.
- Participate in all virtual meetings, as requested by CMS.
- Participate in annual in-person meeting, as requested by CMS.
- Actively contribute to sharing lessons learned with other Recipients through facilitated learning collaboratives.
- Participate in all monitoring activities requested by CMS and/or its contractor(s).
- Participate in program evaluation activities requested by CMS and/or its contractor(s).
- Participant in program audit activities requested by CMS and/or its contractor(s).

CMS responsibilities:

- Monitor the Recipient's project performance and progress according to the processes outlined in NOFO, Post-Award Requirements and Administration (pages 59-61), and the Terms and Conditions.
- Collaborate with the Recipient and provide substantial project planning and implementation input.
- Provide substantial input in evaluation activities.
- Make recommendations for continuing the project.
- Maintain up-to-date website content to keep Recipient informed.
- Review and approve all key personnel.
- Maintain regular communication with the Recipient through at least monthly conference calls along with technical assistance and consultation.
- Review and provide feedback on all required progress reports.
- Review and approve all required submitted data.
- Provide a structured approach to sharing, integrating, and actively applying improvement concepts, tactics, and lessons learned amongst approved award Recipients.
- Evaluate changes to proposed activities in Recipient workplan in extenuating circumstances. CMS will evaluate Recipient's Rural Health Transformation Plan amendments as needed to approve use of funding for alternative activities not originally agreed upon in your application and annual reporting. The intent is not to change a Recipient's allocated funding amount, but to accommodate funding of

alternative activities not originally envisioned in rare and extenuating circumstances with existing allocated funding. Extenuating circumstances may include:

- Drastic changes in the State health care delivery system that would make the original activities not reasonably practicable to implement or not beneficial.
- Catastrophic events that are not foreseeable when Recipient applied.

12. Required Cooperative Agreement Programmatic Reporting. The Recipient must submit quarterly and annual progress reports. All progress reports will be submitted via use of Grant Messages in GrantSolutions for quarterly progress reports and the NCC application in GrantSolutions for annual progress reports. CMS will provide additional information, including a template, on report submission before the first annual or quarterly progress report is due.

- Failure to submit timely, accurate, complete, and comprehensive progress reports may result in CMS withholding, reducing, or recovering award payments.
- See also Standard Terms and Conditions, Section 34, Non-compliance.

Quarterly progress reports

- The quarterly reporting periods are as follows: August 1-October 30, October 31-January 30, and January 31-April 30. To reduce reporting burden with the annual progress reports, there is **no** quarterly progress report submission for May 1-July 31. See Table 2. Quarterly Progress Report Due Dates.
- Only reflective of progress made during the relevant quarter. Includes: spending data broken down by use of funds and initiatives, milestone progress, and technical assistance request(s).
- Due approximately 30 days after the end of the reporting period
- Submit to GrantSolutions via Grant Messages

Annual progress reports

- Annual
- Cumulative of activities completed during the annual reporting period. See Table 1. Annual Progress and Final Progress Report Due Dates. Includes: qualitative progress updates on milestones and implementation, quantitative updates on metrics that Recipient is tracking as a part of their approved workplan, quantitative description of funds expenditure by initiative and use of funds, and any additional information that should be used as part of CMS' annual workload funding recalculation for the subsequent budget period.
- Due 60 days before the end of the budget period

- Please note: The annual progress report is due approximately 60 days before the end of the budget period to allow CMS time to recalculate the technical score and associated workload funding for the subsequent budget period.
- The first annual report is due August 30, 2026 (covers a 7-month reporting period). All other annual reports cover a 12-month reporting period.
- Annual reports must be submitted with the non-competing continuation application in GrantSolutions.

Final progress report

- One-time only
- Cumulative of all activities completed during the entire period of performance
- Due 120 days after the end of the period of performance

If the Recipient voluntarily withdraws from the RHT Program cooperative agreement prior to the end of the period of performance or is terminated, the final progress report is due 120 days after that date.

Table 1. Annual Progress and Final Report Due Dates

| Report | Reporting Period Start Date | Reporting Period End Date | Due Date |
|---------------------------------|------------------------------------|----------------------------------|--------------------------|
| Annual Report # 1 ⁵ | December 29, 2025 | July 31, 2026 | August 30, 2026 |
| Annual Report # 2 | August 1, 2026 | July 31, 2027 | August 30, 2027 |
| Annual Report # 3 | August 1, 2027 | July 31, 2028 | August 30, 2028 |
| Annual Report # 4 | August 1, 2028 | July 31, 2029 | August 30, 2029 |
| Annual Report # 5 | August 1, 2029 | July 31, 2030 | August 30, 2030 |
| Final Report⁶ | December 29, 2025 | October 30, 2030 | February 27, 2031 |

Table 2. Quarterly Progress Report Due Dates

⁵ Due to the timing of awards, Annual Report #1 covers a seven-month period. All subsequent annual progress reports cover a 12-month period.

⁶ If a Recipient receives redistributed funds for FY2031 and/or FY2032, updated Terms and Conditions will be distributed with the Notice of Award reflecting the extended Period of Performance. The updated Terms and Conditions will include updated reporting requirements and due dates.

| Report | Reporting Period Start Date | Reporting Period End Date | Due Date |
|---|------------------------------------|----------------------------------|-------------------|
| Quarterly Report # 1 | August 1, 2026 | October 30, 2026 | November 29, 2026 |
| Quarterly Report # 2 | October 31, 2026 | January 30, 2027 | March 1, 2027 |
| Quarterly Report # 3 | January 31, 2027 | April 30, 2027 | May 30, 2027 |
| Annual report due August 30, 2027 in place of quarterly report | | | |
| Quarterly Report # 4 | August 1, 2027 | October 30, 2027 | November 29, 2027 |
| Quarterly Report # 5 | October 31, 2027 | January 30, 2028 | February 29, 2028 |
| Quarterly Report # 6 | January 31, 2028 | April 30, 2028 | May 30, 2028 |
| Annual report due August 30, 2028 in place of quarterly report | | | |
| Quarterly Report # 7 | August 1, 2028 | October 30, 2028 | November 29, 2028 |
| Quarterly Report # 8 | October 31, 2028 | January 30, 2029 | March 1, 2029 |
| Quarterly Report # 9 | January 31, 2029 | April 30, 2029 | May 30, 2029 |
| Annual report due August 30, 2029 in place of quarterly report | | | |
| Quarterly Report # 10 | August 1, 2029 | October 30, 2029 | November 29, 2029 |
| Quarterly Report # 11 | October 31, 2029 | January 30, 2030 | March 1, 2030 |
| Quarterly Report # 12 | January 31, 2030 | April 30, 2030 | May 30, 2030 |
| Annual report due August 30, 2030 in place of quarterly report | | | |
| Quarterly Report # 13 | August 1, 2030 | October 30, 2030 | November 29, 2030 |

13. Required Financial Reports

Annual Expenditure Federal Financial Report (FFR)

- The Recipient must record recipient expenses in real-time as well as submit an annual Expenditure Federal Financial Report (FFR).
- The Recipient must submit the annual Expenditure Federal Financial Report (SF-425 or FFR) in the Payment Management System (PMS) no later than 90 days following the last day of the budget period (e.g., Budget period 1 ends on October 30, 2026, so the annual Expenditure FFR is due in PMS by January 27, 2027).
- Failure to submit timely reports may result in CMS withholding, reducing, or recovering award payments.
- For specific directions on filing the FFR, see the CMS Standard Terms and Conditions, Section 29(D), Financial Reporting or contact the CMS GMS.

Final Expenditure Federal Financial Report

- The Recipient must also submit a final FFR.
- The Recipient must submit the Final Expenditure Federal Financial Report (SF-425 or FFR) in PMS no later than 120 days following the end of the period of performance.

Payment Management System (PMS) Reporting

- Once CMS issues an award, the funds for each budget period are posted within 24-48 hours of the budget period start date in Recipient's account established in PMS. Recipients can access their funds by using the PMS funds request process. For more information, see the CMS Standard Terms and Conditions, Section 10, Payment.
- Recipients must submit timely FFRs to the PMS to draw down funds.

14. Use of Funds. The Recipient must use funds for the purposes stated in the NOFO and the purposes approved by CMS in the approved application.

Funds **may not** be used for any of the following⁷:

- Pre-award costs.
- Meeting matching requirements for any other federal funds or local entities.
- Services, equipment, or supports that are the legal responsibility of another party under federal, State, or tribal law, such as vocational rehabilitation or education services.
- Services, equipment, or supports that are the legal responsibility of another party under any civil rights law, such as modifying a workplace or providing accommodations that are obligations under law.
- Goods or services not allocable to the project.

⁷ For guidance on additional restrictions or unallowable costs, see 2 CFR Part 200 Subpart E - General Provisions for Selected Items of Cost, and HHS-specific modifications as applicable in 2 CFR 300.

- Supplanting existing State, local, tribal, or private funding of infrastructure or services, such as staff salaries.
- Construction or building expansion, purchasing or significant retrofitting of buildings, cosmetic upgrades, or any other cost that materially increases the value of the capital or useful life as a direct cost.
- The cost of independent research and development, including their proportionate share of indirect costs. See 2 CFR 300.477.
- Purchase of covered telecommunications and video surveillance equipment (See 2 CFR 200.216) as well as financial assistance to households for installation and monthly broadband internet costs.
- Meals, unless in limited circumstances such as:
 - Subjects and patients under study.
 - Where specifically approved as part of the project or program activity, such as in programs providing children's services.
 - As part of a per diem or subsistence allowance provided in conjunction with allowable travel.
- Activities prohibited under 2 CFR 200.450 and the HHS Grants Policy Statement, including but not limited to:
 - Payments related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or executive order proposed or pending before the Congress or any State government, State legislature, local legislature or legislative body, including but not limited to paying the salary or expenses of any grant Recipient or agent acting for such Recipient for such activity.
 - Lobbying, but Recipients can lobby at their own expense if they can segregate federal funds from other financial resources used for lobbying.

Program-specific limitations

In addition, the following program-specific funding limitations also apply:

- Construction. Funds may not be used for new construction. Funds also may not be used for the following:
 - To supplant funding for in process or planned construction projects or directing funding towards new construction builds.
 - Construction or building expansion, purchasing or significant retrofitting of buildings, cosmetic upgrades, or any other cost that materially increases the value of the capital or useful life as a direct cost.

- Minor Renovations or Alterations. Funds may be used for minor renovations or alterations if they are clearly linked to program goals and receive CMS prior approval. See NOFO, Program requirements and expectations, Use of Funds (pages 11-13), and Program-specific limitations, Unallowable Costs (pages 19-20).⁸
 - Funding used for renovation or alterations cannot exceed 20% of the total funding awarded to the Recipient in each budget period.
- Duplicate payments. Funds may not be used to replace payment for clinical services that could be reimbursed by insurance. Funds also may not be used for payments to clinical services if they duplicate billable services and/or attempt to change the payment amounts of existing fee schedules. If the Recipient plans to fund direct health care services, the Recipient must justify why they are not already reimbursable, how the payment will fill a gap in care coverage (such as uncompensated care or services not covered by insurance), and/or how they transform the current care delivery model. CMS will have final approval of whether proposed services are allowable.
 - Funding used for provider payments, defined in the NOFO as providing payments to health care providers for the provision of health care items or services, cannot exceed 15% of the total funding awarded to the Recipient in a given budget period.
 - Funding cannot be used for initiatives that fund certain cosmetic and experimental procedures that fall within the definition of a specified sex-trait modification procedure at 45 CFR 156.400 because that is beyond the scope of this program.
- No more than 5% of total funding awarded to the Recipient in a given budget period can support funding the replacement of an Electronic Medical Record (EMR) system if a previous HITECH certified EMR system is already in place as of September 1, 2025.
- Funding towards initiatives similar to the “Rural Tech Catalyst Fund Initiative”, as described in the NOFO Appendix (pages 115-118), cannot exceed the lesser of (1) 10% of total funding awarded to the Recipient in a given budget period or (2) \$20M of total funding awarded to the Recipient in a given budget period. Funding is subject to all restrictions and requirements described in the example initiative.
- Funds may not be used for clinician salaries. Funds also may not be used for clinician salaries or wage supports for facilities that subject clinicians to non-compete contractual limitations. This applies only to salaries and wages funded by the

Commented [AJ(1): Spell out?]

⁸ Category J funding (Capital Expenditures and infrastructure) is described in the NOFO as investing in existing rural health care facility buildings and infrastructure, including minor building alterations or renovations and equipment upgrades to ensure long-term overhead and upkeep costs are commensurate with patient volume, subject to restrictions in the funding policies and limitations section of the NOFO. Category J funding cannot exceed 20% of the total funding CMS has awarded the Recipient in a given budget period.

cooperative agreement award through an approved initiative described in the approved application.

- None of the funding shall be used by the Recipient for an expenditure that is attributable to an intergovernmental transfer, certified public expenditure, or any other expenditure to finance the non-Federal share of expenditures required under any provision of law.
- SSA 2105(c), paragraphs (1), (7), and (9) apply as funding limitations. These limitations are related to general limitations, limitations on payment for abortions, and citizenship documentation requirements for payments made with respect to an individual.

15. Funding Redistribution. CMS will redistribute unexpended or unobligated funds in the nearest following fiscal year using the same structure to recalculate technical score and associated workload funding described in Section 7 of these Program Terms and Conditions, Continued Funding, Annual Recalculation.

- Unexpended funds include those funds awarded to a Recipient that it does not spend by the end of the subsequent fiscal year with respect to each budget period start date.
- Unobligated funds include those funds not awarded by CMS from the full \$10 billion available in a given budget period.
- Any funding that is unexpended or unobligated as of October 1, 2032, shall be returned to the Treasury of the United States.⁹

Refer to the Glossary for more guidance on unexpended and unobligated funds.

16. Enforcement Actions. Failure to comply with the Terms and Conditions or statutory or regulatory requirements, may result in placement of the recipient on a non-compliance action plan and/or a notification of potential enforcement action. Recipients placed on a non-compliance action plan and/or that receive notification of potential enforcement action during the period of performance might not receive additional funding for the next 12-month budget period(s), based on their progress in addressing required corrective actions. CMS will also consider if a Recipient is placed on a Corrective Action Plan to address audit findings.

If CMS determines a Recipient is not using award funds in a manner consistent with the description in the approved application (a “violation of agreement”), CMS may withhold, reduce, or recover award payments. Violations of agreement include, but are not limited to:

- Using funds in a manner inconsistent with activities described in the approved application, on activities explicitly limited or prohibited in the Terms and Conditions, and/or on activities not approved by CMS.
- Failure to finalize State policy actions proposed in the approved application by the end of calendar year 2027 (e.g., December 31, 2027). Recipients will have until the end of

⁹ In accordance with 42 U.S.C. 1397ee(h)(1)(B).

calendar year 2028 (e.g., December 31, 2028) to enact the B.2. “Health and lifestyle” and B.4. “Nutrition Continuing Medical Education” policies as described in the NOFO (pages 74-78).

- Not investing funds in a way that broadly affects the Recipient’s rural areas and residents in a positive manner.
- Failure to submit required reporting as described in these Program Terms and Conditions.
- Failure to follow through on other actions included in the approved application.
- Violating the Terms and Conditions.
- Improperly managing or using award funds, including fraud, waste, abuse, and criminal activity.

17. Notification of Risks or Problems. The Recipient shall immediately upon discovery notify the CMS PO and CMS GMS in writing of any significant problems or risks relating to the administrative, financial, and programmatic aspects of the award.

- Significant problems include, but are not limited to, adverse findings pursuant to Standard Terms and Conditions, Section 31, Affirmative Duty to Track All Parties to the Award, or issues or barriers that may cause the Recipient to miss milestones described in these Program Terms and Conditions, or failure to implement this program as described in the Notice of Award.
- CMS may elect to allow the Recipient an opportunity to take appropriate remedies which may include the Recipient accepting specific award conditions, technical assistance, and/or adhering to a non-compliance action plan within a timeframe and manner determined by CMS.
- If the Recipient fails to meet the terms of any non-compliance action plan within the designated timeframe, CMS may terminate the cooperative agreement.
- If the Recipient’s actions endanger the public health and welfare, CMS may immediately terminate the cooperative agreement without the opportunity for corrective action.
- The regulations that pertain to suspension and termination are referenced in the CMS Standard Terms and Conditions, Sections 23, Suspension and Debarment Regulations and 35, Termination. In the event of a conflict between the terms of this section and the regulations, the regulations shall prevail.

18. Remediation Actions. The Recipient must remedy noncompliance within 90 days after being notified by CMS. Remediation may include recipient submitting a non-compliance action plan detailing its plan to resolve the non-compliance. If Recipient does not remedy noncompliance, CMS may recover past payments and withhold further payments of both workload and baseline funding. See also Standard Terms and Conditions, 34, Non-compliance. If CMS withholds or recovers funding, CMS may do as follows:

- For violations that affect the Recipient's technical score: Proportional to the incremental award funds granted based on the technical score points Recipient was previously awarded. This means that CMS may recalculate workload funding based on a Recipient's updated technical score and withhold or recover funding accordingly.
- For violations that do not directly affect the Recipient's technical score: Assessed on a case-by-case basis. All prior and future payments may become eligible for withholding and/or recovery.

As required by Public Law 119-21, any amounts withheld or recovered shall be returned to the Treasury of the United States.

19. Termination. This award is subject to the termination provisions at 2 C.F.R. 200.340.

Pursuant to 2 C.F.R. 200.340, the recipient agrees by accepting this award that continued funding for the award is contingent upon the availability of appropriated funds, program authority, recipient satisfactory performance, compliance with the Terms and Conditions, and a decision by the agency that the award continues to effectuate program goals or agency priorities.

20. Amendments. CMS may amend these Program Terms and Conditions without the consent of the Recipient for good cause, or as necessary to comply with applicable federal or State law, regulatory requirements, accreditation standards, or licensing guidelines or rules. CMS will include with any such amendment an explanation of the reasons for the amendment. To the extent practicable, CMS will provide the Recipient with 30 days' advance written notice of any unilateral amendment, which notice must specify the amendment's effective date.

GLOSSARY

Baseline funding means the \$25 billion in funding that will be equally distributed to all Recipients. Baseline funding will equal half of the total funding available for each budget period divided by the number of Recipients.

Budget period means the 10-month period beginning on December 29, 2025, and ending on October 30, 2026, for budget period 1, and each 12-month period beginning on October 31 and ending on October 30 for budget periods 2-5, as described in Section 6 of these Program Terms and Conditions, Budget Periods.

Cooperative agreement means a legal instrument of financial assistance between CMS and the Recipient consistent with 31 U.S.C. §§ 6302 & 6305 that:

- Is used to enter into a relationship the principal purpose of which is to transfer anything of value from CMS to the Recipient to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. § 6305(1)); and not to acquire property or services for the federal government or for the federal government's direct benefit or use, and
- Is distinguished from a grant in that it provides for substantial involvement between CMS and the Recipient in carrying out the approved activities under this award (see 31 U.S.C. § 6305(2))

Enforcement action means an action that CMS may take if it finds that the Recipient has not complied with the Terms and Conditions.

Fiscal year means the account period that spans 12 months. For the federal government, it runs from October 1 to September 30. For example, Fiscal Year 2026 (FY 2026) starts October 1, 2025, and ends September 30, 2026.

Non-Competing Continuation (NCC) Application means the non-competitive application that the Recipient must submit during each budget period to receive an award for funding in the subsequent budget period.

Recipient means the lead State agency that submitted the approved application and received the Notice of Award from CMS. This does not include subrecipients.

Remediation means activities and actions required by CMS to correct identified deficiencies and produce improvements that enable the Recipient to meet the requirements of this Notice of Award.

Rural Health Transformation Plan means the detailed plan submitted as part of the NOFO application that describes a Recipient's vision, goals, and strategies to transform rural health care. See NOFO, Rural health transformation plan (pages 29-38).

Subrecipient means a non-federal entity that receives a subaward from the Recipient to carry out activities related to the award.

Technical score means the numerical score used to calculate workload funding based on initiative-based factors, State policy actions, and data-driven metrics. See NOFO Appendix, Points

scoring details, Table 4, Points scoring methodology, definitions, and data sources for rural facility and population score factors and technical score factors (pages 64-97).

Terms and Conditions means, collectively, the following: 1) the Recipient Specific Terms and Conditions, if applicable, 2) these Program Terms and Conditions, and 3) the Standard Terms and Conditions incorporated by reference in, and included as an attachment to, the Notice of Award.

Unexpended funds means the total amount of funds authorized by Congress and obligated by CMS but have not been drawn down by the Recipient. This may refer to funds that the Recipient has included in their Rural Health Transformation plan but have not been paid out on initiatives run at the State-level by the end of the subsequent fiscal year.

Unobligated funds means the portion of budget authority that has not been legally committed by CMS to Recipients in any given year.

Workload funding means the remaining \$25 billion available to all Recipients and distributed based on a Recipient's technical score. Workload funding is equal to half of the total funding available for each budget period. Workload Funding will be recalculated every budget period using information submitted by the Recipient as part of their Annual Progress Report. See NOFO Appendix, Points scoring details, Table 4, Points scoring methodology, definitions, and data sources for rural facility and population score factors and technical score factors (pages 64-97).

Centers for Medicare & Medicaid Services
Standard¹ Grant and Cooperative Agreement Terms and Conditions

**These terms and conditions apply to all funded award actions issued on or after
December 14, 2025**

GENERAL

- 1. Recipient.** The recipient named on the Notice of Award (NoA) in field #1 is the non-federal entity that receives a federal award directly from CMS to carry out an activity under this Federal program.

Recipients must comply with all terms and conditions of their NoAs, including:

- (a) These Standard Terms and Conditions
 - (b) Recipient Specific Terms and Conditions, if applicable
 - (c) Program Terms and Conditions
 - (d) requirements of the authorizing statutes and implementing regulations for the program under which the NoA is funded
 - (e) applicable requirements or limitations in appropriations acts
 - (f) terms and conditions included in the HHS Grants Policy Statement [HHS GPS - effective 10/1/2025](#) in effect at the time of a new, noncompeting continuation, or renewal, or supplemental awards
 - (g) the [HHS Administrative and National Policy Requirements](#)
 - (h) Statutory and national policy requirements in [2 CFR 300.300](#)
 - (i) applicable grant regulations in [2 CFR 200](#) and [2 CFR 300](#)
 - (j) any policies or requirements specific to the award; and
 - (k) any requirements included in the Notice of Funding Opportunity (NOFO).
- 2. Acceptance of Application & Terms of Agreement.** By drawing or otherwise obtaining funds from the U.S. Department of Health and Human Services (DHHS) Payment Management System (PMS), the recipient:
- (a) acknowledges and accepts the terms and conditions of the award
 - (b) is obligated to perform in accordance with the requirements of the award; and
 - (c) certifies that proper financial management controls and accounting systems, to include personnel policies and procedures, have been established to adequately administer Federal awards and the funds drawn down.

Additionally, by accepting this award, including the obligation, expenditure, or drawdown of award funds, recipient certifies as follows:

¹ Standard Terms and Conditions include all possible grants administrative requirements for CMS awards. All standard terms and conditions apply unless the requirement is not applicable based on the project awarded. Recipients should contact their assigned Grants Management Specialist if they have questions about whether an administrative term and condition applies to the award.

By applying for or accepting federal funds from HHS, recipients certify compliance with all federal antidiscrimination laws and these requirements and that complying with those laws is a material condition of receiving federal funding streams. Recipients are responsible for ensuring subrecipients, contractors, and partners also comply.

The recipient hereby agrees that it will comply with **Title VI of the Civil Rights Act of 1964**, as amended (codified at 42 U.S.C. 2000d et seq.), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 80); **Section 504 of the Rehabilitation Act of 1973**, as amended (codified at 29 U.S.C. 794), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 84); **Title IX of the Education Amendments of 1972**, as amended (codified at 20 U.S.C. § 1681 et seq.) and all requirements imposed by or pursuant to the Regulation of the Department of the Health and Human Services (45 CFR Part 86); The **Age Discrimination Act of 1975**, as amended (codified at 42 U.S.C. § 6101 et seq.), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 CFR Part 91); and **Section 1557 of the Patient Protection and Affordable Care Act**, as amended (codified at 42 U.S.C. § 18116), and all requirements imposed by or pursuant to the Regulation of the Department of the Health and Human Services (45 CFR Part 92).

For Programs that could implicate **Title IX** (i.e., awards to or for school, colleges, universities, 4-H programs, non-governmental organization (NGO) programs, sports programs, and education-related awards to prisons or other detention facilities):

- Recipient is compliant with Title IX of the Education Amendments of 1972, as amended, 20 U.S.C. §§ 1681 et seq., including the requirements set forth in Presidential Executive Order 14168 titled Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, and Title VI of the Civil Rights Act of 1964, 42 U.S.C. §§ 2000d et seq., and recipient will remain compliant for the duration of the NoA.
- The above requirements are conditions of payment that go to the essence of the NoA and are therefore material terms of the NoA.
- Payments under the NoA are predicated on compliance with the above requirements, and therefore recipient is not eligible for funding under the NoA or to retain any funding under the NoA absent compliance with the above requirements.
- Recipient acknowledges that this certification reflects a change in the government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this NoA.

Recipient acknowledges that a knowing false statement relating to recipient's compliance with the above requirements and/or eligibility for the NOA may subject recipient to liability under the False Claims Act, [31 U.S.C. § 3729](#), and/or criminal liability, including under [18 U.S.C. § 287](#) and [18 U.S.C. § 1001](#).

If the recipient cannot accept the terms and conditions of this NoA, the recipient must notify the Grants Management Officer (GMO), in writing, within thirty (30) days of the issue date of this NoA in accordance with the **HHS Grant Policy Statement (GPS) 2.6.1: Accepting the Award**. Once an award is accepted by a recipient, the contents of the NoA are binding on the recipient unless and until modified by a revised NoA signed by the GMO.

3. **Court Orders.** Any term or condition in this NoA, including those incorporated by reference, that HHS is enjoined by court order from imposing or enforcing shall not apply or be enforced as to any recipient or subrecipient to which that court order applies and while that court order is in effect.
4. **Cooperative Agreements.** A cooperative agreement is an alternative assistance instrument to be used in lieu of a grant whenever substantial Federal involvement with the recipient during performance is anticipated. The difference between grants and cooperative agreements is the degree of Federal programmatic involvement rather than the type of administrative requirements imposed. Therefore, statutes, regulations, policies, and the information contained in these Standard Terms and Conditions that are applicable to grants also apply to cooperative agreements, unless otherwise stated. Your NoA states whether the funding mechanism is a grant or cooperative agreement.
5. **Funding for Recipients.** All funding provided under this award must be used by the Recipient exclusively for the program referenced in the NoA and described in the NOFO and outlined in the recipient's approved application. This includes any approved revisions, as applicable, made subsequent to the recipient's approved application.
 - Funds available to pay allowable costs during the period of performance include both Federal funds awarded and approved carryover balances.
 - Federal award funds must supplement, not replace (supplant) non-federal funds. All recipients who receive awards under programs must ensure that federal funds do not supplant funds that have been budgeted for the same purpose through non-federal sources. Applicants or award recipients may be required to demonstrate and document that a reduction in non-federal resources occurred for reasons other than the receipt of expected receipt of federal funds.
6. **Recipient Roles and Responsibilities.**
 - Principal Investigator/Project Director (PI/PD): The PI/PD is the individual(s) employed and designated by the recipient to direct the project or program being supported by the award. The PI/PD is responsible and accountable to officials of the recipient organization for the proper conduct of the project, program, or activity, whether or not they receive salaries or compensation under the award.

The recipient Organization must identify a PI/PD who will dedicate sufficient time and effort (minimally 25%) to manage and provide oversight of the grant/cooperative agreement program. Sufficient time and effort are defined as the time and effort required to successfully fulfill all program requirements and expectations as well as meet the project goals. You must justify the time committed as necessary to meet this threshold. CMS reserves the right to require additional time.

NOTE: A PI/PD must be committed financially to this award, i.e., the position must be funded with federal funds or alternatively, can be funded as a cost-share (in-kind) by the recipient (or a combination of the two). A PI/PD cannot dedicate time as a cost share (in-kind) without documenting this commitment on the Notice of Award (as a non-federal share). This is true, even if there is no required cost sharing for the award. The recipient has a choice as to how the PI/PD is funded.

- Authorized Organizational Representative (AOR): The AOR is an employee of the recipient and has authority to act for the organization. The AOR is responsible for meeting award requirements, properly managing the award, and providing oversight. The AOR's signature on a grant application guarantees that the information in the application is correct and the organization is responsible for following all requirements.

While we do not require a minimum level of effort for the AOR because the necessary time commitment will vary, the AOR (if an award is received) acknowledges and confirms upon recipient's drawdown of funds his/her responsibility to provide oversight of the award and to provide the necessary signature approvals on all documents. Additionally, the AOR must attend meetings with CMS as required by the terms and conditions of award. An AOR must ensure he/she allocates sufficient time for financial oversight, programmatic monitoring, and compliance with CMS grant requirements. CMS reserves the right to require additional effort if the time committed is insufficient.

- Key Personnel:
The PI/PD and other individuals who contribute to the programmatic development or execution of a project in a substantive, measurable way, whether they receive salaries or compensation under the award.

7. Uniform Administrative Requirements, Cost Principles, and Audit Requirements.

The NoA issued is subject to the administrative requirements, cost principles, and audit requirements that govern Federal monies associated with this NoA, as applicable, in the Uniform Guidance – [2 CFR 200](#) and [2 CFR 300](#).

In accordance with [2 CFR 300.106](#), the Department of Health and Human Services adopts the Office of Management and Budget (OMB) guidance in 2 CFR part 200, with the additions included in this part (part 300) and [part 376 of this chapter](#). Thus, this part gives regulatory effect to the OMB guidance and supplements the guidance as needed for the Department.

- ## **8. Fraud, Waste, and Abuse.**
- The HHS Office of the Inspector General (OIG) maintains a toll-free number (1-800-HHS-TIPS [1-800-447-8477]) for receiving information concerning fraud, waste, or abuse under grants and cooperative agreements as well as the [HHS OIG website](#). Information may also be submitted by [email](#) or by mail to:

Office of the Inspector General
U.S. Department of Health & Human Services

Attn: HOTLINE
330 Independence Ave., SW
Washington, DC 20201

Such reports are treated as sensitive material and submitters may decline to give their names if they choose to remain anonymous.

9. Medicare and Medicaid anti-kickback statute is hereby incorporated by reference: [42 U.S.C. § 1320a-7b](#).

10. Payment. The Division of Payment Management does not award grants. The issuance of grant awards and other financial assistance is the responsibility of the awarding agencies. Once an award is made, the funds are posted in recipient accounts established in the Payment Management System (PMS). Recipients may then access their funds by using the PMS funds request process.

Recipients must indicate which approved activity(ies) from the budget category(ies) identified on the SF-424A Form (e.g., personnel, supplies) that the payment request will cover. Also include the amount requested for each budget category. Do not include Personally Identifying Information (PII) in your request.

The PMS funds request process enables recipients to request funds using a Personal Computer with an Internet connection. The funds are then delivered to the recipient via Electronic Funds Transfer (EFT). If you are a new grant recipient, register in PMS [here](#). If you need further help with that process, please contact the One-DHHS Help Desk via email at PMSSupport@psc.hhs.gov or call (877) 614-5533 for assistance.

For Federal Payment requirements, refer to [2 CFR 200.305, Federal Payment](#) as well as [2 CFR 300.305](#).

11. GrantSolutions and email addresses. Recipients must maintain an active account with GrantSolutions (GS) to communicate, receive, and obtain documentation from CMS. If the designated recipient Authorized Organizational Representative (AOR) and Project Director (PD) do not already have accounts in GS, they must contact GS immediately upon receipt of award to complete a user account form. Any change in key personnel, must also be communicated to CMS and GS staff so that the key responsible individuals are current and correct within the GS system.

12. Reservation of Rights. Nothing contained in this NoA is intended or shall be construed as a waiver by the United States Department of Justice, the Internal Revenue Service, the Federal Trade Commission, HHS OIG, or CMS of any right to institute any proceeding or action against the recipient for violations of any statutes, rules or regulations administered by the Government, or to prevent or limit the rights of the Government to obtain relief under any other federal statutes or regulations, or on account of any violation of this award or any other provision of law. The NoA shall not be construed to bind any Government agency except CMS, and this NoA binds CMS only to the extent provided herein, unless prohibited by law.

The failure by CMS to require performance of any provision shall not affect CMS's right to require performance at any time thereafter, nor shall a waiver of any breach or default result in a waiver of the provision itself.

ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

13. Prior Approval Requirements. CMS anticipates that the recipient may need to modify the recipient's NoA budget or other aspects of its approved application during performance to accomplish the award's programmatic objectives. In general, recipients are permitted to rebudget within and between budget categories to meet unanticipated needs and to make other types of post-award changes, provided that the changes still meet the statutory program requirements and the regulatory requirements under [2 CFR 200](#) and [2 CFR 300](#), as applicable.

Items that require prior approval (i.e. formal written approval) from the GMO, as stated in the Terms and Conditions of the NoA and HHS grant regulations must be submitted in writing. Based on the nature, extent, and timing of the request, the GMO may approve, deny, or request additional material to further document and evaluate your request.

A recipient must request approval of post-award changes to its award through submission of an amendment in GS (based upon the applicable change request). Only an amended NoA signed by the GMO is considered valid approval. Verbal authorization is not approval and is not binding on CMS. Recipients who proceed without prior approval, do so at their own risk.

Amendment Type guidance:

- If a budget revision/change request impacts more than one budget category, utilize Revision (Budget) amendment type.
- If budget revision change request only impacts one budget category, utilize Revision (NoA Other) amendment type.
- If the change requested does not match a possible amendment type from the selection list in GS, utilize Revision (NoA Other) amendment type.

Prior approval is **required** for but is not limited to:

- Changes in Key Personnel and Level of Effort;
- Budget Revisions (see also Standard Term and Condition, 14. *Revision of Budget and Program Plans*);
- Subaward activities not yet proposed or approved;
- Consultant/Contract activities not yet proposed or approved;
- Changes in Scope;
- Carryover Requests;
- No Cost Extensions;
- Lifting of Funding Restrictions;
- Removal of Non-Compliance Plans;
- Equipment and other capital expenditures [2 CFR 200.439](#)
- Rearrangement and reconversion costs [2 CFR 200.462](#)

Activities that require prior approval are further detailed in HHS grant [2 CFR 200.407, Prior written approval \(prior approval\)](#), [2 CFR 200.308, Revision of budget and program plans](#), and the HHS Grants Policy Statement.

- 14. Revision of Budget and Program Plans.** Recipients must consult and comply with requirements outlined under [2 CFR 200.308, Revision of budget and program plans](#).

In accordance with [2 CFR 200.308\(i\), Transfer of Funds](#), CMS requires prior approval for budget revisions where the transfer of funds among direct cost categories or programs, functions and activities in which the Federal share of the project exceeds the Simplified Acquisition Threshold (\$350,000) and the **cumulative amount** of such transfers exceeds or is expected to **exceed 10 percent** of the total budget as last approved. CMS cannot permit a transfer that would cause any Federal appropriation to be used for purposes other than those consistent with the appropriation.

- 15. Travel Costs.** Recipients must comply with the requirements in [2 CFR 200.475](#).

- 16. Conflict of Interest Policies.** Recipient must comply with the conflict-of-interest policy requirements outlined [here](#). See also [2 CFR 200.112](#) and [2 CFR 300.112](#).

- 17. Bankruptcy.** If recipient or one of its subrecipients enters bankruptcy proceedings, whether voluntary or involuntary, the recipient agrees to provide written notice of the bankruptcy to the CMS Grants Management Specialist and CMS Project Officer (PO) within five (5) days of initiation of the proceedings. This notice shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, a copy of any and all of the legal pleadings, and a listing of Government grant and cooperative agreement numbers and grant offices for all Government grants and cooperative agreements against which final payment has not been made.

- 18. Prohibition on certain telecommunications and video surveillance services or equipment.** [2 CFR 200.216](#) is incorporated herein by reference.

- 19. Human Subjects Protection.** If applicable to recipient's program, the recipient bears ultimate responsibility for protecting human subjects under the award, including human subjects at all sites, and for ensuring that a Federal-wide Assurance (FWA) approved by the Office for Human Research Protections (OHRP) and certification of Institutional Review Board (IRB) review and approval have been obtained before human subjects research can be conducted at each collaborating site. For more information about OHRP, FWA, and IRBs, click [here](#).

Recipients may not draw funds from PMS, request funds from the paying office, or make obligations against Federal funds for research involving human subjects at any site engaged in nonexempt research for any period not covered by both an OHRP-approved assurance and IRB approval consistent with [45 CFR Part 46](#). Costs associated with IRB review of human research protocols are not allowable as direct charges under grants and cooperative agreements unless such costs are not covered by the organization's indirect cost rate.

HHS requires recipients and others involved in grant/cooperative agreement-supported research to take appropriate actions to protect the confidentiality of information about and the privacy of individuals participating in the research. Recipients, subrecipients, Investigators, IRBs, and other appropriate entities must ensure that policies and procedures are in place to protect identifying information and must oversee compliance with those policies and procedures.

- 20. Privacy and Security of Health Information.** The recipient shall put all appropriate regulatory, administrative, technical, and physical safeguards in place before applicable program activities begin to protect the privacy and security of individually identifiable health information. In doing so, regardless of whether it is a covered entity (CE) or business associate (BA) as those terms are defined under the HIPAA Privacy Rule, the recipient shall ensure its own and its subrecipients' and contractors' policies and procedures are at least as stringent (i.e., protective of privacy) as those governing the use and disclosure of protected health information by HIPAA CEs and their BAs under [45 CFR Part 160](#) and [45 CFR Part 164](#). The recipient and its subrecipients should consult with their own counsel and refer to the [HIPAA guidance materials](#) for further information about the requirements in 45 CFR Parts 160 and 164.
- 21. Employee Whistleblower Protections.** Federal law mandates that all Federal contractors, subcontractors, recipients, subrecipients, or personal services contractors, must inform their employees in writing of the rights and remedies provided under this section, in the predominant native language of the workforce. For more information click [here](#).
- 22. Mandatory Disclosures.** Consistent with [2 CFR 200.113, Mandatory disclosures](#), applicants and recipients must promptly disclose, in writing, to CMS with a copy to the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Additionally, subrecipients must promptly disclose, in a timely manner, in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Disclosures must be sent in writing to CMS and to the HHS OIG at the following addresses:

U.S. Department of Health & Human Services
Centers for Medicare & Medicaid Services
Office of Acquisition and Grants Management
Attn: Director, Division of Grants Management, Mandatory Grant Disclosures
7500 Security Blvd, Mail Stop B3-30-03
Baltimore, MD 21244-1850

Materials must also be scanned and emailed to your Grants Management Specialist.

Office of Inspector General
ATTN: Mandatory Grant Disclosures, Intake Coordinator
330 Independence Avenue, SW, Cohen Building
Room 5527
Washington, DC 20201
Fax: (202) 205-0604 (Include “Mandatory Grant Disclosures” in subject line) or
Email: MandatoryGranteeDisclosures@oig.hhs.gov

Failure to make required disclosures can result in any of the remedies described in [2 CFR 200.339, Remedies for noncompliance](#), including suspension or debarment (See [2 CFR 200 Part 180](#) & [2 CFR 200 Part 376](#) and [31 U.S.C. 3321](#)).

The recipient must include this mandatory disclosure requirement in all subawards and contracts under this award.

23. Suspension and Debarment Regulations. [2 CFR 200.214](#) is incorporated herein by reference.

24. Appropriations Provision. The Department of Health and Human Services (HHS) operates under Appropriations and Extensions Acts, as applicable, each fiscal year. Recipients must review and comply with applicable General Provisions for the Department of Health and Human Services included within the Appropriations Law for the current fiscal year. These provisions may apply to all recipients of HHS federal funding OR may apply directly to recipients of federal funding from one or more HHS agencies.

Salary Limitations: None of the funds appropriated in this title shall be used to pay the salary of an individual, through a grant or other extramural mechanism, at a rate in excess of Executive Level II. This salary cap applies to direct salaries. Recipients may pay salaries at a rate higher than the Executive Level II if the amount beyond the HHS salary cap is paid with non-HHS funds. Since the Executive Level II rate and HHS Appropriations Act citation changes each year, HHS refers to the most recent information posted on the Office of Personnel Management (OPM) website at [2025 Executive Level II Pay Scale](#) (January 1, 2025 – December 31, 2025). Please consult [the OPM website \(Salaries and Wages\)](#) in January 2026 for the salary cap for 2026 (January 1, 2026 – December 31, 2026).

25. Cybersecurity. You must create a cybersecurity plan if your project involves both of the following conditions:

- You have ongoing access to HHS information or technology systems.
- You handle personal identifiable information (PII) or personal health information (PHI) from HHS.

See the [HHS Administrative and National Policy Requirements](#) for full information.

26. Health Information Technology (HIT) Interoperability Language. Recipient is subject to the Health Information Technology and Interoperability requirements stated [here](#).

COST PRINCIPLES

CMS recipients and subrecipients must comply with the cost principles set forth in HHS regulations at 2 CFR 200, Subpart E. Recipients and subrecipients must also use these principles as a guide in pricing fixed-price contracts and subcontracts when costs are used in determining the appropriate price. Hospitals must follow **Appendix IX to 2 CFR 300. Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals.**

For-profit recipients are subject to 48 CFR subpart 31.2². For more detailed information on applicability and exemptions, refer to [2 CFR 200.401](#).

Guidelines for determining direct and indirect (F&A) costs charged to Federal awards are provided in [2 CFR 200 Direct and Indirect Costs](#) and [Special considerations for States, Local Governments, and Indian tribes](#). Requirements for development and submission of indirect (F&A) cost rate proposals and cost allocation plans are contained in Appendices III - Appendix IX to Part 200.

For-profit entities which receive the preponderance of their federal awards from HHS may contact the Division of [Financial Advisory Services \(DFAS\), Indirect Cost Branch](#), to negotiate an indirect cost rate. Otherwise, for-profit organizations are limited to the 15% de minimis rate in accordance with 2 CFR [200.414\(f\)](#).

27. Prohibited Uses of Grant or Cooperative Agreement Funds. The following list contains costs that are unallowable for all CMS programs. Recipients must consult the Program Terms and Conditions for other prohibited costs specific to the grant or cooperative agreement program.

- Pre-award costs.
- Meeting matching requirements for any other federal funds or local entities.
- Services, equipment, or supports that are the legal responsibility of another party under federal, state, or tribal law such as vocational rehabilitation or education services. Such legal responsibilities include, but are not limited to, modifications of a workplace or other reasonable accommodations that are a specific obligation of the employer or other party.
- Goods or services not allocable to the approved project.
- Supplanting existing state, local, tribal, or private funding of infrastructure or services, such as staff salaries.
- Construction.

² There are no cost principles specifically applicable to grants to for-profit organizations. Therefore, the cost principles set forth in the FAR (48 CFR subpart 31.2) generally are used to determine allowable costs under CMS grants to for-profit organizations. As provided in those cost principles, [allowable travel costs](#) may not exceed those established by the FTR.

- Capital expenditures for improvements to land, buildings, or equipment that materially increase their value or useful life as a direct cost except with the prior written approval.
- The cost of independent research and development, including their proportionate share of indirect costs in accordance with [2 CFR 300.477](#).
- Profit to any recipient even if the recipient is a for-profit organization. Profit is any amount in excess of allowable direct and indirect costs.
- Funds related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or executive order proposed or pending before the Congress or any state government, state legislature or local legislature or legislative body. See also [45 CFR part 93](#), [2 CFR 200.450](#), [Lobbying](#), and applicable Appropriations Law.
- Other than for normal and recognized executive-legislative relationships or participation by an agency or officer of a state, local, or tribal government in policymaking and administrative processes within the executive branch of that government, funding awarded under this NOFO may not be used for:
 - Paying the salary or expenses of any grant recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or executive order proposed or pending before the Congress or any state government, state legislature, or local legislature or legislative body.
 - Lobbying, but recipients can lobby at their own expense if they can segregate federal funds from other financial resources used for lobbying.
- Certain telecommunications and video surveillance equipment. See [2 CFR 200.216](#).
- Costs of promotional items and memorabilia, including models, gifts, and souvenirs.
- Costs of advertising and public relations designed solely to promote the non-Federal entity.
- Meals unless in limited circumstances such as:
 - Subjects and patients under study;
 - Where specifically approved as part of the project or program activity (not recipient specific), e.g., in programs providing children’s services; and
 - As part of a per diem or subsistence allowance provided in conjunction with allowable travel.

For guidance on some types of costs that we restrict or do not allow, see [2 CFR 200, General Provisions for Selected Items of Costs](#).

POST AWARD MONITORING AND REPORTING

28. Continued funding is contingent on satisfactory progress, compliance with the terms and conditions, program authority, and the availability of funds. The NoA identifies the period of performance, which may include multiple 12-month budget periods. If a period of performance is comprised of multiple budget periods, the recipient must submit a non-competing continuation application each year as a prerequisite to continued funding.

Recipients must demonstrate satisfactory performance during the previous funding cycle(s) to be issued additional year funding; or, in the case of multi-year awards where all funding is issued in the first year, to ensure continued access to funding. Recipients should refer to the NOFO and Program Terms and Conditions for additional information on satisfactory progress.

Additionally, as is noted in 2 CFR 200, CMS annually conducts a review of risks posed by applicants prior to award (recipients should review the factors in their entirety at [2 CFR 200.206, Federal agency review of risk posed by applicants](#)). At-risk recipients, including those which do not comply with reporting requirements or have outstanding audit findings, may not receive a non-competing continuation award.

Alternatively, recipients could receive decreased funding, or their award could be terminated subject to the provisions at [2 CFR 200.340, Termination](#) if they are non-compliant with the terms and conditions of award. See also Standard Term and Condition, 35. *Termination*.

29. Reporting Requirements. Recipients must comply with the reporting requirements outlined in the Recipient Specific, Standard **and** Program Terms and Conditions of the NoA. The general information and guidance for financial and programmatic reporting provided below supplements the specifics included in the Program Terms and Conditions.

A. PROJECT AND DATA INTEGRITY

Recipients must protect the confidentiality of all project-related information that includes personally identifying information.

The recipient must assume responsibility for the accuracy and completeness of the information contained in all technical documents and reports submitted. The CMS PO shall not direct the interpretation of the data used in preparing these documents or reports.

At any phase in the project, including the project's conclusion, the recipient, if requested by the CMS PO, must deliver to CMS materials, systems, or other items used, developed, refined or enhanced in the course of, or under the award. The recipient agrees that CMS must have a royalty-free, nonexclusive and irrevocable license to reproduce, publish, or otherwise use and authorize others to use the items for Federal government purposes. See also [200.315\(b\), Intangible Property](#).

B. SYSTEM OF AWARD MANAGEMENT (SAM) AND UNIVERSAL ENTITY IDENTIFIER (UEI) REQUIREMENTS

This NoA is subject to the requirements of [2 CFR part 25, Appendix A](#) which is specifically incorporated herein by reference. Recipient must maintain current information in SAM, at all times when an award is active or if there is an application pending review. Recipient must review and update the information **at least once a year** after the initial registration to remain active, and more frequently if required by changes

in the information. This requirement flows down to subrecipients and contractors under awards or subawards.

As part of its SAM registration and renewal process, recipient must also complete or update its **Responsibility/Qualification (R/Q)** reporting to reflect information about its civil, criminal, or administrative proceedings. **Applicants/recipients must answer “Yes” to question #1 (shown below) of the Proceedings question in SAM.gov to view and answer all relevant questions.**

- Is your business or organization, as represented by the Unique Entity ID on this entity registration, responding to a Federal procurement opportunity that contains the provision at FAR 52.209-7, subject to the clause in FAR 52.209-9 in a current Federal contract, **or** applying for a Federal grant opportunity which contains the award term and condition described in 2 C.F.R. 200 [Appendix XII to Part 200, Award Term and Condition for Recipient Integrity and Performance Matters?](#)

C. SUBAWARD REPORTING AND EXECUTIVE COMPENSATION (FFATA)

This NoA is subject to the reporting requirements of the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282), as implemented by [2 CFR Part 170](#). Requirements include:

- A. First tier subaward reporting of \$40,000 or more in federal funds. Due no later than 30 days after issuance of subaward.
- B. Executive compensation reporting, if required, as referenced in 2 CFR Part 170. Due no later than 30 days after issuance of subaward.

D. FINANCIAL REPORTING

HHS recipients must record recipient expenses in real-time as well as submit quarterly, semi-annual, or annual expenditure Federal Financial Reports (FFRs) as described below and stipulated in the Program Terms and Conditions of Award. Instructions on how to complete the FFR can be found [here](#) after logging onto PMS.

- Quarterly and semi-annual expenditure reports are due no later than 30 days following the applicable period.
- Annual expenditure FFRs are due no later than 90 days following the applicable budget period end date or 12-month period for multi-year budget periods.
- Final FFRs are due no later than 120 days following the period of performance end date.
 - The final FFR must show cumulative expenditures under the NoA and any unobligated balance of federal funds and as appropriate, all other parts of the form must be completed.

- Additionally, recipient must liquidate all obligations incurred under the award not later than 120 days after the end of the period of performance. This deadline may be extended with prior written approval from the CMS Grants Management Specialist.

E. PROGRAMMATIC REPORTING

See [2 CFR §200.301](#), **Performance Measurement**, and Program Terms and Conditions for specific details on required information.

Submission of Progress Reports to PMS

Recipients must submit progress reports to GrantSolutions via the Performance Progress Report (PPR) module.

Recipients with the following roles can view, edit, and electronically submit the PPR:

- Recipient's Authorized Organizational Representative (AOR)
- Principal Investigator/Program Director (PI/PD) assigned to the Award

The CMS Project Officer will either accept or return the PPR to the recipient for additional information or clarification. The grant or cooperative agreement is not considered complete and in accordance with the applicable terms and conditions of the NoA until all required reports have been accepted by the CMS Project Officer.

F. STEVENS AMENDMENT

When issuing statements, press releases, publications, requests for proposals, bid solicitations, and other documents – such as toolkits, resource guides, websites, and presentations – describing the projects or programs funded in whole or in part with HHS funds, the recipient must clearly state:

- (1) the percentage and dollar amount of the total costs of the program or project funded with Federal money; and
- (2) the percentage and dollar amount of the total costs of the project or program funded by non-governmental sources.

Acknowledgement of Support

When issuing statements resulting from activities supported by HHS financial assistance, the recipient entity must include an acknowledgement of federal assistance using one of the following or a similar statement (see immediately below).

If the HHS grant or cooperative agreement is NOT funded with other non-governmental sources:

This **[project/publication/program/website, etc.] [is/was]** supported by the Centers for Medicare & Medicaid Services (CMS) of the U.S. Department of Health and Human

Services (HHS) as part of a financial assistance award totaling \$XX with 100 percent funded by CMS/HHS. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by CMS/HHS, or the U.S. Government.

The HHS grant or cooperative agreement IS partially funded with other nongovernmental sources:

This [project/publication/program/website, etc.] [is/was] supported by the Centers for Medicare & Medicaid Services (CMS) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling \$XX with XX percentage funded by CMS/HHS and \$XX amount and XX percentage funded by non-government source(s). The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by CMS/HHS, or the U.S. Government.

- (a) **Review by CMS.** Recipient shall submit the following to the CMS PO for review and comment unless specified otherwise in the Program Terms and Conditions:
- (i) At least 30 days prior to its release:
 - publications that report results from or describe information obtained through this award.
 - any external formal presentation of any report or statistical or analytical material based on information obtained through this award. Formal presentation includes papers, articles, professional publication, speeches, and testimony.
 - external presentation-related material, such as abstracts, power point presentations or other slide decks, posters, and videos.
 - all public materials specific to the program including but not limited to, brochures, recruitment materials, informational materials, advertisements, website copy, website pages, videos, and op-ed articles.
 - (ii) At least 7 days prior to release:
 - any press release or media advisory concerning the outcome of activities supported through this award.
 - all media interviews, media requests, releases of information, filming, and broadcasts.
- (b) For 1 year after completion of the project, the recipient shall continue to submit for review and comment all publications, presentations, and communications resulting from this award or based on information obtained through this award, including papers, articles, professional publications, power point presentations, posters, speeches, announcements, and testimony in any format, including digital technology.
- (c) It is the policy of the HHS that the recipient must communicate to CMS how the dollar amounts and funding percentages are calculated, including whether or not indirect costs have been incorporated. Recipient must submit this

- information to CMS for review and comment for each applicable type of result/accomplishment according to the same timeline schedule outlined in (a).
- (d) Specifically excluded from the review and comment process are internal presentations, information discussions, in general, class lectures, and informal meetings and conversations with community leaders. However, if such a presentation or slide deck is later re-purposed for a public event, it will need to be submitted in advance for CMS review.
- (e) One copy of each publication resulting from work performed under an HHS grant- supported project must accompany the final progress report.

G. USE OF DATA AND WORK PRODUCTS (REPORTING)

At any phase of the project, including the project's conclusion, the recipient, if so requested by the CMS PO, must submit copies of analytic data file(s) with appropriate documentation, representing the data developed/used in end-product analyses generated under the award.

- The analytic file(s) may include primary data collected, acquired or generated under the award and/or data furnished by CMS.
- The content, format, documentation, and schedule for production of the data file(s) will be agreed upon by the Principal Investigator/Project Director (PI/PD) and the CMS PO.
- The negotiated format(s) could include both file(s) that would be limited to CMS's internal use and file(s) that CMS could make available to the general public.

All data provided by CMS will be used for the research described in this grant/cooperative agreement NoA only and in connection with the Recipient's performance of its obligations and rights under this program. Recipient has an obligation to collect and secure data for future monitoring by CMS. The recipient will return any data provided by CMS or copies of data at the conclusion of the project. All proprietary information and technology of the recipient are and shall remain the sole property of the recipient.

If the PI/PD determines through this research that a significant new finding has been developed, he/she will communicate it to the CMS PO before formal dissemination to the general public. The recipient shall notify CMS of research conducted for publication.

H. ANNUAL PROPERTY REPORTING.

[2 CFR 200.312, Federally owned and exempt property](#), is incorporated herein by reference. Recipient must submit annually an inventory listing of Federally owned property in its custody to CMS.

I. PATENTS AND INVENTIONS

In accordance with [2 CFR 200.448, Intellectual Property](#), all recipients are subject to applicable regulations governing patents and inventions, including government-wide regulations issued by the Department of Commerce at [37 CFR Part 401](#). If applicable, recipients must report any inventions on an annual basis using the non-competing continuation application or annual progress report for multi-year budget periods.

A Final Invention Statement and Certification ([Form HHS 568](#)) must be completed and submitted within 120 days following the expiration or termination of a grant or cooperative agreement.

- The Statement must include all inventions which were conceived or first actually reduced to practice under the grant or award, from the original effective date of support through the date of completion or termination.
- The Statement shall include any inventions reported previously for grants and cooperative agreements as part of a non-competing continuation application or annual progress report.
- Recipients must also provide details about all inventions that have been licensed but not patented and include details on income resulting from HHS-funded inventions and patents.

Unpatented research products or resources—research tools—may be made available through licensing to vendors or other investigators. Income earned from any resulting fees must be treated as program income. This reporting requirement is applicable to grants and cooperative agreements issued by the U.S. DHHS in support of research and research-related activities. For further guidance, please see the HHS GPS: *Patents and Inventions* and *Invention Reporting*.

J. AUDIT REPORTING (SEE [2 CFR 200.501, Audit requirements](#))

A non-Federal entity that expends **\$1,000,000** or more during the non-Federal entity's FY in Federal awards must have a single or program-specific audit conducted for that year and submit an audit reporting package to the Federal Audit Clearinghouse (FAC). HHS grant awarding agencies are required to ensure that single or program-specific audits are completed and reported by recipients within nine months after the end of the audit period (recipient FY end date).

For questions and information concerning the FAC submission process, please contact the FAC (entity which assists Federal cognizant and oversight agencies in obtaining audit data and reporting packages) at 888-222-9907 or click [here](#).

For-profits including for-profit hospitals should consult [2 CFR 300.218](#) for limitations on profit and program income.

Audits for for-profit organizations with HHS programs must be sent to:

- the HHS Audit Resolution Division (ARD) via email at For-Profit_Audit@hhs.gov
- copy to: CMS KC_OIG_Audit at KC_OIG_Audit@cms.hhs.gov

- copy to the Grants Management Specialist identified in Federal Awarding Agency box #9 on the NoA.
- All for-profit organization audit submission questions should be sent to ARD via email at AuditResolution@hhs.gov.

Do not send audits for organizations (for-profits) to the FAC.

SUBRECIPIENT PASS-THROUGH REQUIREMENTS

The recipient can provide a portion of the direct award to other organizations, called subrecipients, to accomplish the goals and objectives of the award. In this case, the recipient becomes a pass-through entity and the subrecipient's award is called a subaward. As a recipient, you must ensure the applicable general terms and conditions stated in this document flow down to subrecipients.

The recipient is **completely** legally and financially responsible for **all** aspects of this NoA including funds provided to subrecipients, in accordance with [2 CFR 200, Subpart D, Subrecipient monitoring and management](#).

30. Subaward Reporting. Refer to Standard Term and Condition, 29(C) *Subaward Reporting and Executive Compensation (FFATA)*.

31. Affirmative Duty to Track All Parties to the Award. Recipient must at a minimum regularly track all subrecipients, including subrecipient key personnel and subcontractors in SAM.gov.

As provided in [2 CFR Part 180](#) and implemented in [2 CFR Part 376](#), the recipient must check SAM.gov as follows to ensure that it does not make a subaward to an entity that is debarred, suspended, or ineligible:

- For all first-tier subawards regardless of potential value. Agencies must also require first tier- subrecipients and lower-tier subrecipients to check SAM.gov and
- For all first-tier procurement contracts with a value of **\$40,000** or more and all lower tiers of subcontracts under covered non-procurement transactions ([2 CFR 376.220](#)).

The purpose of this affirmative duty is to track all parties that include health care, commercial, non-profit, and other people and entities to report immediately to the CMS PO and Grants Management Specialist those that cannot participate in federal programs or receive federal funds. The recipient cannot have any persons or entities on the NoA that cannot participate in federal programs or receive federal funds. If any of these systems are not publicly available, then the recipient must comply with the purpose and intent of this requirement using a process that meets at least the level of scrutiny provided by these databases.

The recipient shall provide the CMS PO and Grants Management Specialist with the National Provider Identifier (NPI), Tax ID, and EIN, as applicable, of all Key Personnel

and/or entities to the NoA that may include subrecipients. This list shall be provided to CMS as a Grant Note/Message in GS within **thirty (30) days** from the start of the award and must be maintained in real time throughout the NoA.

- 32. Pass Through Entities, Subrecipients, and Contractors.** [2 CFR 200.331, Subrecipient and contractor determinations](#), and [2 CFR 200.332, Requirements for pass-through entities](#), are incorporated herein by reference.

Recipient must monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved.

- 33. Equal Treatment.** [45 CFR Part 87](#) is incorporated herein by reference.

REMEDIES FOR NONCOMPLIANCE

- 34. Non-compliance.** [2 CFR 200.208, Specific conditions](#), and [2 CFR 200.339, Remedies for noncompliance](#), are incorporated herein by reference.

- 35. Termination.** This NoA is subject to the termination provisions at [2 CFR 200.340](#). Pursuant to 2 CFR 200.340, the recipient agrees by accepting this NoA that continued funding for the award is contingent upon:

- the availability of appropriated funds,
- recipient satisfactory performance,
- compliance with the Terms and Conditions of the award, and
- to the extent authorized by law, if CMS determines that the award no longer effectuates program goals or agency priorities.

In accordance with 200.340(c), if CMS terminates the Federal award prior to the end of the period of performance due to the recipient's material failure to comply with the terms and conditions of the Federal award, CMS must report the termination in SAM.gov. Material noncompliance includes, but is not limited to, violation of the terms and conditions of the award; failure to perform award activities in a satisfactory manner; improper management or use of award funds; or fraud, waste, abuse, mismanagement, or criminal activity.

CLOSEOUT

- 36. Withdrawal.** If the recipient decides to withdraw from this award prior to the end of the period of performance, it must provide written notification (both hard copy and via email) to the CMS Grants Management Specialist at least fifteen (15) days in advance of the date of official withdrawal and termination of these terms. The letter must be signed by the AOR and other appropriate individuals with authority and submitted as a Revision (NoA Other)

amendment in GrantSolutions. CMS will not be liable for any withdrawal close-out costs that are borne by the recipient. Recipients have three (3) days to return all unused grant funds.

37. Disposition of Federally Owned Property, Equipment, and Residual Unused Supplies.

Upon completion (or early termination) of a project, the recipient must take appropriate disposition actions.

Recipient must complete and submit the **SF-428 Cover Letter** and the **SF-428-B Tangible Personal Property Report, Final Report**. The Tangible Personal Property Report (SF-428) is a standard form to be used by awarding agencies to collect information related to tangible personal property when required by a Federal financial assistance award. This form:

- allows recipients to request specific disposition of federally owned property and acquired equipment.
- provides a means for calculating and transmitting appropriate compensation to CMS for residual unused supplies.

As noted in 1.b of this report, if your agency is in possession of Federally-owned property or acquired equipment (defined as nonexpendable personal property with an acquisition cost of \$10,000 or more under the award), you must also submit a **SF-428-S, Supplemental Sheet**, that lists and reports on all Federally owned or acquired equipment under the specific grant or cooperative agreement award. If there is no tangible personal property to report, select “d.” in section 1 of the SF-428-B and indicate “none of the above.”

Recipient must request specific disposition instructions from CMS if the recipient has federally owned property. Otherwise, disposition instructions are here [§ 200.313 Equipment](#) [§ 200.314 Supplies](#).

38. Records Retention. [2 CFR 200.334, Records retention requirements](#) is incorporated herein by reference.
