3 Division of Certificate of Need

4 (Amendment)

5 900 KAR 6:075. Certificate of need nonsubstantive review.

6 RELATES TO: KRS 216B.010, 216B.015, 216B.040, 216B.062, 216B.090,
7 216B.095, 216B.115, 216B.455, 216B.990

8 STATUTORY AUTHORITY: KRS 216B.040(2)(a)1., 216B.095

9 NECESSITY, FUNCTION, AND CONFORMITY: KRS 216B.040(2)(a)1. requires the
10 Cabinet for Health and Family Services to administer Kentucky's Certificate of Need
11 Program and to promulgate administrative regulations as necessary for the program.
12 KRS 216B.095 authorizes the review of certificate of need applications that are granted
13 nonsubstantive status. This administrative regulation establishes the requirements nec-
14 essary for consideration for nonsubstantive review of applications for the orderly admin-
15 istration of the Certificate of Need Program.

16 Section 1. Definitions. (1) "Ambulatory surgical center" is defined by KRS
17 216B.015(4).

18 (2) "Cabinet" is defined by KRS 216B.015(6).

19 (3) "Certificate of Need Newsletter" means the monthly newsletter that is published
20 by the cabinet regarding certificate of need matters and is available on the Certificate of
21 Need Web site at <https://chfs.ky.gov/agencies/os/oig/dcn/Pages/cn.aspx>.

STATEMENT OF EMERGENCY
900 KAR 6:075E

- (1) This emergency administrative regulation is necessary to grant nonsubstantive review status to certificate of need applications submitted by licensed hospitals to increase access to inpatient psychiatric services. Consistent with changes in 900 KAR 5:020E filed concurrently with this regulation, this emergency administrative regulation would grant nonsubstantive review status to those certificate of need applications submitted by licensed hospitals that wish to convert existing acute care beds to psychiatric beds for adult patients.
- (2) This emergency administrative regulation is deemed to be an emergency pursuant to KRS 13A.190(1)(a)1. in order to meet an imminent threat to public health, safety, and welfare. There is an ongoing mental health crisis across the nation, and hospitals report that the proportion of emergency department visits due to mental health issues has increased markedly during the last few years. The expansion of inpatient behavioral health services throughout the state, including rural areas, will enhance immediate access to resources for at-risk mental health patients of such acuity that they need inpatient services and stabilization. This amendment, along with the companion regulation filed concurrently, 900 KAR 5:020E, is needed to help promote access to inpatient psychiatric healthcare.
- (3) This emergency administrative regulation will be replaced by an ordinary administrative regulation encompassing this and other changes to be filed concurrently with this regulation. This amendment is an effort to ease the urgent mental health crisis by promoting greater access to psychiatric care across Kentucky. The ordinary administrative regulation is not identical to this emergency administrative regulation. It includes other changes needed as the companion regulation to the State Health Plan, which is updated annually.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by adding types of certificate of need applications that qualify for nonsubstantive review status, setting forth the procedure for granting nonsubstantive review status, and setting forth the procedure for affected parties to request a hearing to dispute the review status or application.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by adding types of certificate of need applications that qualify for nonsubstantive review status, setting forth the procedure for granting nonsubstantive review status, and setting forth the procedure for affected parties to request a hearing to dispute the review status or application.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: This amendment adds the following types of certificate of need applications to those that are granted nonsubstantive review status:

2. Applications by a licensed hospital to provide megavoltage radiation therapy;
3. Applications to provide positron emission tomography services;

(b) The necessity of the amendment to this administrative regulation: This amendment is being proposed pursuant to KRS 216B.095(3)(f), which permits the cabinet to grant nonsubstantive review status to a certificate of need application in accordance with circumstances prescribed by the cabinet via administrative regulation. These changes were requested by providers to allow them to add needed health care services more quickly and efficiently in response to their patient's changing needs. This amendment is needed to expand access to health services throughout the state, including in rural areas, to enhance immediate access to resources.

(c) How the amendment conforms to the content of the authorizing statutes: This amendment conforms to KRS 216B.095(3)(f), which permits the cabinet to grant nonsubstantive review status to a certificate of need application in accordance with circumstances prescribed by the cabinet via administrative regulation.
