Hospitals within Kentucky are also required by statute to submit their discharge data to a vendor selected by the Commonwealth on at least a quarterly basis. The data can be found in the Kentucky Annual Administrative Claims Data Report which can be downloaded from this website: <https://chfs.ky.gov/agencies/ohda/Pages/hfsd.aspx>.

Data regarding the performance of megavoltage radiation services which are provided at free-standing facilities as well as hospitals is available in the Kentucky Annual Megavoltage Radiation Services Report. Data regarding Positron Emission Tomography (PET) services are available in the Kentucky Annual Positron Emission Tomography Services Report.

Alcoholism/Chemical Dependency Outpatient Services: Hospital services for the medical care and/or rehabilitative treatment of outpatients for whom the primary diagnosis is alcoholism or other chemical dependency.

Ambulatory Surgical Services: Scheduled surgical services provided to patients who do not remain in the hospital overnight. The surgery may be performed in operating suites also used for inpatient surgery, specially designated surgical suites for ambulatory surgery, or procedure rooms within an ambulatory care facility.

Average Daily Census (ADC): Average number of inpatients, excluding newborns, receiving care each day during the reporting period. Derived by dividing the number of inpatient days by the number of days in the reporting period.

Average Length of Stay (ALOS): Average stay of inpatients during the reporting period. Derived by dividing the number of discharge days by the number of discharges.

Bassinets: Number of newborn infant bassinets set up and staffed for use at the end of the reporting period. Bassinets are not included in the bed total and do not include isolets or neonatal intensive care units, which are included under beds.

Beds in Operation: Number of beds, cribs, and pediatric and neonatal bassinets regularly maintained (set up and staffed for use) for inpatients during the reporting period; does not include bassinets for normal newborn infants.

Births: Total number of infants born in the hospital and accepted for service in a newborn infant bassinet during the reporting period; excludes stillbirths. Births do not include infants transferred from other institutions and are excluded from the admission and discharge figures.
