2024 KENTUCKY ANNUAL LONG-TERM CARE REPORT

INTRODUCTION

The Cabinet for Health and Family Services, Office of Inspector General, Division of Certificate of Need, announces the release of the 2024 Kentucky Annual Long-Term Care Report. This office is responsible for the utilization data collection and reporting required by 900 KAR 6:125 and in support of the State Health Plan, 900 KAR 5:020. This report covers the period from January 1, 2024 through December 1, 2024.

The Office of Inspector General, Division of Certificate of Need, produces several utilization and services reports. In addition to the Long-Term Care Report, the following reports are available: Ambulatory Surgical Services; Cardiac Cauterization (prepared by the Office of Data Analytics); Chemical Dependency; Home Health; Hospice; Hospital; Magnetic Resonance Imaging; Megavoltage; Positron Emission Tomography; Private Duty Nursing; and; Psychiatric Residential Treatment Facility. All reports can be downloaded from the following web site: <https://chfs.ky.gov/agencies/os/oig/dcn/Pages/annualreports.aspx>.

*NOTE: When checking ending census for the previous year and the beginning census for the current year, there may be discrepancies in the numbers. When possible, a note was included in the Facility Comments section to explain.

This report now becomes the most recent official data on Long-Term Care services utilization published by the Cabinet for Health and Family Services. Questions, comments should be directed to Michele Bushong at CONSurvey@ky.gov or (502) 564-5798.

Kentucky Cabinet for Health and Family Services
Office of Inspector General
Division of Certificate of Need
275 East Main Street 5E-A
Frankfort, KY 40621

DEFINITIONS

Alzheimer's Facility (ALZ) - A long-term care facility constructed and operated pursuant to KRS.216B.071 that provides care to residents with a primary diagnosis of Alzheimer's disease or related disorders.

Beds in Operation - Number of beds, regularly maintained and available on the floor to be filled. Actual beds set up and staffed for immediate use for inpatients during the reporting period.

Beginning Census – The beginning census for the current survey year should be the same as the ending census from the prior survey year. It starts at the beginning of the day January 1, just after midnight.

CMHC – Community Mental Health Center

Days in Period - Number of days in the reporting period.

Ending Census – The ending census taken just before midnight December 31. It should also be verified by the following calculation:
 $\text{Beginning Census} + \text{Admissions} - \text{Discharges} - \text{Deaths} = \text{Ending Census}$.

Intermediate Care (IC) - Establishments with permanent facilities and health related services for patients who do not require the degree of care and treatment which a hospital or skilled nursing facility is designed to provide, but who, because of their mental or physical condition, require care and services (above the level of room and board) which can be made available to them only through institutional facilities on an inpatient basis.

Intermediate Care Facility for Individuals with Intellectual Disability (ICF/IID) - A facility licensed by the Office of the Inspector General to provide care for individuals with intellectual disabilities.

Licensed Beds - The number and type of beds for which the facility has been licensed at the end of the reporting period.

Long-Term Care - A facility licensed by the state through the Office of the Inspector General (OIG) providing one or more of the following levels of care: Alzheimer's Facility, Intermediate Care, Nursing Facility, Nursing Home, and Personal Care Home.

Nursing Facility (NF) - Long-term care facilities, formerly skilled nursing, nursing home, or intermediate care facilities prior to October 1, 1990, which meet the Omnibus Budget Reconciliation Act of 1987 (OBRA 87) nursing home reform requirements. Nursing facilities must be certified to participate in the Medicare program in order to be certified for participation in Medicaid, with the exception of those who have obtained a Medicaid nursing requirement waiver.

DEFINITIONS (CONTINUED)

Nursing Home (NH) (Non-CCRC) - Establishments with permanent facilities that include inpatient beds, and with medical services including continuous nursing service; that provide treatment for patients who require inpatient care but do not currently require continuous hospital services.

Nursing Home (CCRC) – Continuing Care Retirement Community (CCRC) Nursing Home Beds are issued a Certificate of Compliance by the Office of Inspector General. Nursing Home (CCRC) beds are reported separately from Nursing Home (Non-CCRC) bed utilization. See KRS 216B.332 (1) and (2) for those requirements <https://apps.legislature.ky.gov/law/statutes/statute.aspx?id=40484>.

Percent Occupancy - Total patient days divided by potential patient days.

Percent Transitioned (ICF/IID) – Calculated by dividing the total individuals transitioned by the individuals served. The individuals served is the beginning census plus admissions.

Personal Care Facility (PC) – Establishments with permanent facilities including resident beds. Services provided include continuous supervision of residents, basic health and health-related services, personal care services, residential care services and social and recreational activities. (902 KAR 20:036)

Potential Patient Days - Number of licensed beds multiplied by the number of days in the reporting period, adjusted to reflect changes in licensed beds during the reporting period. Example: 100 licensed beds X 365 (days in reporting period) equals 36,500 potential days. This figure is not shown in the report, but is used to calculate occupancy percentages.

SMI – Per 900 KAR 20:036, Section 1, "Serious mental illness" or "SMI" means a mental illness or disorder (but not a primary diagnosis of Alzheimer's disease or dementia), that is described in the Diagnostic and Statistical Manual of Mental Disorders (DSM), 5th Edition, or the DSM currently in use, that impairs or impedes functioning in one (1) or more major areas of living and is unlikely to improve without treatment, services, or supports.

Total Patient Days - The total days of patient care provided by the facility for the year based on its capacity. It is calculated by summing the daily patient census for each day in the reporting period.
